

SECRETARY DAVIS' REQUEST DECLINED

OHIO OPERATORS REFUSE TO MEET IN CONFERENCE

Letter to Secretary Says That Operators Cannot Participate in a Joint Conference but Will Meet With Workers of the District—Method of Making Scale is Challenged

COLUMBUS, O., March 11.—Southern Ohio coal operators today declined the request of Secretary of Labor Davis to meet with miners in joint conference to arrange a wage scale for the central competitive field.

"The operators of Southern Ohio cannot participate in such a conference," a reply to Secretary Davis' letter requesting the meeting said, "but they will meet with the representatives of the mine workers of this district at any time to discuss a wage scale and working conditions that are fair to the miners and operators of southern Ohio," with the understanding that such a conference would not discuss the checkoff.

The letter declares that the present demands of the miners have been rejected by every interstate conference in the last three years, and that the United Mine Workers "have violated every agreement made by them since 1916."

The position of the Southern Ohio Coal Operators was outlined in a letter written to Secretary Davis by Walter D. McKinney, of Columbus, secretary of the Southern Ohio Coal Exchange. The letter informed Secretary Davis that the economic and competitive conditions in Southern Ohio are in no way identical with the other districts with which the Southern Ohio operators are asked to participate and "neither the miners nor operators of Southern Ohio could justify any agreement that may be arrived at in such a joint interstate meeting."

Kahn Takes Sharp Issue with Senator Norris

WASHINGTON, March 11.—Disagreement between the house and senate over disposition of the government war built properties at Muscle Shoals, Alabama, was seen as a probability tonight in some congressional quarters.

Chairman Kahn of the house military affairs committee which has jurisdiction for the house over the disposition of Alabama properties, took sharp issue with the proposal of Chairman Norris of the senate agriculture committee which is studying the Muscle Shoals question and for creation of a commission.

"I for one," Mr. Kahn said, "am against government operation of any project that can be run by private enterprise."

Mr. Kahn declared house members had seen many times "the fallacy of governmental operation." The military committee, he said, would call Secretary Mellon and Attorney General Daugherty to testify next week. The testimony of the cabinet officers, he said, would be important in that it would give the committee first hand information on the financial and legal phases of the Muscle Shoals question.

COURT RECOGNIZES MISS PIZA'S CLAIM

AURORA, Ill., March 11.—The claim of Miss Elda Piza, former wife of Herbert P. Crane, wealthy iron manufacturer to back all money totalling approximately \$73,000 was recognized today by Judge Adam C. Cliffe, presiding in the Kane county circuit court at Geneva, Ill. Miss Piza was awarded \$10,000 on the claim and it was paid. The remainder was ordered held in trust for thirty days pending the return of the three year old child of the couple to the jurisdiction of the Kane county court.

The child is at present with relatives of Miss Piza in New York. Today's decision makes no permanent disposition of the child, custody of which Crane had attempted to regain claiming that Miss Piza was not rearing the boy as an American.

POSTAL CLERK HELD ON TECHNICAL CHARGE

COUNCIL BLUFFS, Ia., March 11.—W. J. McDonald, postal clerk on the Milwaukee railroad on trains running between Omaha and Marion, arrested on a technical charge of "defeating, opening and secreting" United States mail, was arraigned before United States Commissioner Byers today. He waived examination and was bound over to the federal grand jury on \$2,000 bond.

SOLDIER BONUS BILL DEFENDED BY ITS MAKERS

Confident That it Will be Passed at Early Date

WASHINGTON, March 11.—Provisions of the compromise soldier bonus bill relating to bank loans to former service men have "either been misunderstood or misrepresented in some quarters," Representative Green, Iowa, ranking Republican member of the ways and means committee and who helped revise the measure declared today in a statement.

While he made no direct comment on the announced intention of Controller of the Currency Crissinger to advise banks not to accept adjusted compensation certificates as security for loans, it was generally regarded that the statement was a reply to the opinion of the bill's provisions expressed by Mr. Crissinger.

Coincident with Mr. Green's declaration, Republican house leaders declared that despite rumors reaching the capitol that President Harding was opposed to the present draft of the bonus bill there had been no change in plans which call for a report of the measure on Monday by the ways and means committee and passage of the bill a week later.

Representative Mondell, Republican leader, Chairman Fordney, and other members of the ways and means committee in the capitol said that to their knowledge the president had given no indication, directly or indirectly to any member of congress that he would veto the bill if it were passed without a sales tax provision.

Chairman Fordney said the bill probably would be amended by the committee before favorable report is ordered to do away with the requirement that a war veteran must decide within six months which of the options provided in the bill he would accept. A former service man should be permitted, the chairman said, to make this decision at any time with the provision that if he accepted insurance it was to date retroactively from Oct. 1, 1922.

Representative Green's statement said:

"When the ways and means committee struck out the cash provisions of the former bill to which so much objection had been made, it was thought advisable to make some provisions for soldiers who were or should become in need and for this purpose the bank loan provision was inserted."

"It seems to be assumed by some that all of these loans would run to October 1, 1925, but that date was merely inserted as the very latest which might be fixed for the maturity of loans by the banks, in order that transactions with the banks might thereafter be closed. It was not intended that the banks would make the loan in the first instance for more than the time usually given on a criminal paper, altho a savings bank might do so. The government agrees to cash these notes if they are six months overdue."

"The mere statement is sufficient to show that the ordinary bank holds little paper so well secured or upon which collection could so quickly be enforced if the maker fails to pay. If the 'frozen securities' now held in large quantities by many banks, the result of loans made with the approval of the controller of the currency had been backed by such a guarantee they would have been paid long ago."

SENATE PASSES DEFICIENCY BILL

WASHINGTON, March 11.—The senate today passed the deficiency appropriation bill, carrying a total of \$136,895,000 or \$28,355,000 more than was appropriated by the measure as passed by the house.

The principal amendment added by the senate was an appropriation of \$27,468,000 for use in repayment of illegally collected taxes.

The bill supplies an additional \$73,740,000 for use of the emergency bureau in vocational rehabilitation of former service men.

CHICAGO FEEDS IMPORTED WORKERS

Chicago, March 11.—Building trades workers, alleged to have been imported by the citizens committee to enforce the Landis mediation award in the building trades controversy will be given food and lodging at the expense of the city until Monday night, the council decided today. The number of the men is estimated at from 23 to 250.

The company is operating four big busses without having obtained state license.

CLAIM ARRESTS REVEAL BIG ILLICIT LIQUOR CONSPIRACY

Extends from Illinois Clear Down to Miami, Florida

CHICAGO, March 11.—An illicit liquor conspiracy extending from Illinois to Miami, Fla., was revealed today by the capture of two men and a woman at Moline, Illinois, according to federal agents.

Those under arrest, Mrs. Mary Williams of Moline and Miami, alleged leader of the band; Stephen Dekap and Harry Hayvaert, her companions were taken before United States Judges Sennott and held in \$2,500 bonds each pending hearing before a federal grand jury at Peoria. They were taken into custody Friday it was said at a railroad station in Moline just after signing a receipt for "grape fruit" and "auto polish shipped from Miami, Fla."

The shipments were declared to have contained illicit whiskey, similar shipments having been traced to Mrs. Moline, Carbon Bluffs and Silvis.

Following the arrests, a telegram was sent to federal officials at Miami requesting the arrest of Mrs. Williams' husband and late today it was reported that he was in custody there.

MAN WAS RELATED TO ENTIRE TOWN

WASHINGTON, March 11.—In investigating the record of Bennie F. Taylor of Crystal Springs, Miss., a soldier who died at Camp Beauregard in 1918, the United States Veterans' Bureau believed it has come across something unique in the way of family relationship. Taylor, exclusive of cousins, was closely related to four per cent of the total population of his home town of 1,395 residents.

Taylor named as the beneficiary of his government term insurance policy his father, who died, leaving the insurance to next of kin. The veterans' bureau requested from the family the names of those relatives falling in the "permitted class" and received a list five feet long containing the names and addresses of 9 brothers, six sisters, six uncles, six aunts, 23 nephews, 19 nieces, six brothers-in-law, a sister-in-law and a stepmother, 34 of whom bear the name of Taylor. Under the new adjustment for the payment of Taylor's \$5,000 policy the stepmother and 15 brothers and sisters will each receive monthly installments of \$1.92.

Springfield, Ill., March 11.—Stations of the Baltimore & Ohio Railroad at Berry, Bluff Springs, Barnhill and Kinard must not be closed, the Illinois Commerce Commission ruled today, in answer to the railroad's request.

Pittsburgh, Pa., March 11.—Four armed men today held up and robbed J. W. Bishop and R. E. Malone, paymasters for the Bernard Gloekler company and escaped with company payroll of \$10,000.

Dixon, Ill., March 11.—Gas service in Dixon, which was suspended a week ago Thursday when flood waters from Rock river inundated the gas works here, will be resumed tomorrow morning, officials of the utilities company announced today.

Brownsville, Pa., March 11.—Albert Kriming, manager of the W. J. Kriming and Co. store at Allison, Pa., and C. O. Evans, chief clerk, were robbed of approximately \$30,000, the company's mine pay roll, six bandits who held up a trolley car three miles from here today. Elmer Hill, who accompanied Fleming and Evans as guard, was shot but not seriously wounded. The bandits escaped in an automobile.

Chicago, March 11.—Attorney General Daugherty, accompanied by John W. H. Grim, head of the criminal department of the department of justice, will arrive in Chicago on Monday to attend a conference called to seek means of speeding up the prosecution of liquor cases and stopping the large number of violations of the federal laws. Every state's attorney in Illinois has been invited to attend.

MILLER REFUSES TO GIVE SCHOOL BOARD EVIDENCE

Will Give it to Parents of School Students He Says

ST. LOUIS, Mo., March 11.—Victor J. Miller, president of the board of police commissioners, refused to submit to the board of education in executive session this afternoon any information he had on which he based his charge that vice clubs existed among boys and girls of Souldan high school, according to announcement of J. C. Tobin, president of the school board. Mr. Miller announced that he would submit all data he had to a representative body of parents.

Following the announcement a mass meeting was called for tomorrow afternoon at which the parents of the students will discuss what action to take to compel Mr. Miller to divulge his information.

Governor Hyde and Mr. Miller were invited to the mass meeting but Mr. Miller declined to appear before this meeting, adding he would present his information to a committee of parents.

Governor Hyde arrived this evening, and it was understood went into a conference with several Republican leaders, but the subject of the conference was not made known. The governor's presence, it was said, indicated that he wanted to thoroughly familiarize himself with the matter before making any statement or taking any action.

It was announced by board members that Mr. Miller had admitted that in his opinion neither the board nor heads of schools were responsible for the conditions which he charged existed and that he had not submitted his charge to the school authorities before making them public in an open meeting because he was convinced the school authorities had no control of the alleged immoral conditions.

Mr. Miller's refusal to divulge his information to the school board caused much indignation in a crowd in the school building made up largely of students' mothers.

FAVORITE LODGE CONFERRED RANK

The members of Favorite lodge Knights of Pythias held a special meeting at Castle hall last evening to confer the rank of Esquire on the following: George J. Orear, C. A. Young, Murwin D. Aton and Frank McLean. There was a good attendance and after the ceremonial work refreshments were served.

UNITED STATES PAYING HER OWN WAY IN GERMANY

Not in On Cut of German Reparations Money

PARIS, March 11.—The allied finance ministers signed an agreement this afternoon for the distribution of the first billion gold marks of German reparations. The agreement disregards the American claim of priority for its expenses in connection with occupation of the Rhineland so far as the actual sharing of this money is concerned but recognizes the claim by a special clause, which states that all the agreements on this question are subject to the American rights as the various governments may establish them, the finance ministers considering that they do not have power to decide this question.

The ministers decided, that since the reparations commission was acting solely under the provisions of the treaty of Versailles to which the United States was not a party, it could not act.

The agreement provides that the expenses of the armies of occupation after May 1, 1921, shall be divided as follows:

One hundred and two million francs to Belgium; Lx 2,000,000 to Great Britain; 100,000,000 French francs to France. The distribution of deliveries in kind by Germany in 1922 will be on the basis of 65 per cent to France and 35 per cent to the other allies.

In Force Three Years. The Wiesbaden agreement will continue in force for three years, with the resumption—that payments will not exceed 350,000,000 gold marks worth of material in 1922, 750,000,000 in 1923 and 750,000,000 in 1924. Other powers besides France are permitted to conclude arrangements with Germany similar to the Wiesbaden agreement, provided such agreements do not call for deliveries in kind in excess of the total amount fixed by the present agreement.

None of the powers, the agreement provides, will be compelled to turn back any cash as a result of deliveries in kind received in 1922.

The first billion marks paid in cash are to be distributed as follows (leaving out of account the American claim): five hundred million gold marks to Great Britain; a partial reimbursement for the expenses of her armies of occupation up to May 1, 1921, 140,000,000 gold marks to France for the same purpose and the remainder to Belgium with the exception of 172,000,000 lire allotted to Italy.

MANY SUBPOENAS FOR ZEY PREVOST

SAN FRANCISCO, March 11.—Fifty-eight subpoenas, one for each county in the state, were issued today upon motion of District Attorney Brady for Miss Zey Prevost, a leading prosecution witness in the manslaughter trial of Roscoe C. (Fatty) Arbuckle, as a final means of obtaining the presence here of Miss Prevost for Arbuckle's third trial, which opens Monday. She is reported to be in New Orleans and unwilling to return.

The issuance of the subpoenas, one of which was given to the sheriff of each county for service, is to show that the district attorney made every effort to bring Miss Prevost into court. This will clear the way for the reading of Miss Prevost's testimony in the former trials in the event that she cannot be produced.

INVITED TO ADDRESS LUMBER CONVENTION

WASHINGTON, March 11.—Senator McCormick of Illinois today transmitted to President Harding an invitation to address a joint dinner of the National Lumber Manufacturers' association, the American Lumber Congress and the National Construction Congress, in Chicago on April 5th.

The senator had accepted an invitation to the dinner. Representatives of lumber organizations expressed belief that the joint meeting will have an important bearing on construction and industrial matters and it is hoped that the president either in person or by special radio message would utter the words of confidence and inspiration that will set the machinery of construction in full motion all over the land.

SENATOR UNDERWOOD DEFENDS FOUR POWER TREATY IN U. S. SENATE

Many Enemies of the Treaty are Members of the Democratic Party—Reads a Letter from Hughes—Says That it Was Necessary That Negotiations be Conducted in Secret

WASHINGTON, March 11.—The four power Pacific treaty, its purposes and poise, and the manner of its negotiations, passed thru another spectacular combat of argument and oratory today in the senate. Thruout, the burden of defense was carried by Senator Underwood, Democratic floor leader, and a member of the arms delegation. Ringed by enemies of the treaty, largely of his own party, he stood for three hours and replied in kind to the thrusts directed at him. Among the weapons of argument Mr. Underwood used was a letter written to him by Secretary Hughes, delegation head, replying to charges that the treaty resulted from a British-Japanese plan to allay the embarrassments of the Anglo-Japanese alliance.

Mr. Hughes asserted that he had prepared a draft of the treaty after consultation with the other delegates and that, with minor changes, it became the final text assigned and submitted to the senate for ratification.

The secretary described the treaty as a straightforward document which attains one of the most important objects the American government has had in view of the highest importance to the maintenance of friendly relations in the far east upon a sound basis. "Its failure would be nothing short of a national calamity," he said.

The argumentative duel which followed the reading by Senator Underwood of the secretary's letter and which interposed itself in the senator's prepared address was fought for an hour between the speaker and Senator Robinson, Democrat, Arkansas, who originally had raised the question of the origin of the treaty and who declared that the secretary's letter had not dispelled evidences that the four power arrangement was inspired from London and Tokio. Other Democrats then joined in the questioning of their party leader, including Senators Reed of Missouri, Glass of Virginia, Walsh of Montana and Watson of Georgia.

From the Republican side of the chamber their efforts were seconded by Senators Borah of Idaho and France of Maryland.

His support of the treaty, Senator Underwood said was actuated by the same spirit that prompted him to vote for the treaty of Versailles. He declared no alliance was contemplated but added that he could see no objection even to an alliance if it were based on arbitration rather than force and effaced dangers that threaten American interests in the Pacific. To reject the pact because it does not bind the signatories to employ force, he asserted would be to revert to the reactionary philosophy of the past.

Mr. Underwood conceded the negotiations leading up to the treaty were carried on in "secrecy" but argued that such a course was necessary. In the main, he said, the arms conference was conducted more openly than any similar consultation in history.

Senator Robinson insisted, in turn that the provision for consultation among the signatories to agree on a course of action in case of aggression by an "outside power" could mean only that the force of all four was to be united against the aggressor. When any such consultation took place, he argued and any one power signified that it was not able to meet the attack alone the only means the others could suggest was united action. He asked that Mr. Hughes now inform the senate why he had remained silent so long as to the method by which the treaty was drafted.

Because of a desire by many senators to complete work on an appropriation bill, administration leaders did not carry out their purpose to force a vote on the first of the proposed reservations and the treaty was laid temporarily aside without action.

Senator Lodge announced that on Monday he would attempt to secure an agreement for a time for voting, and should he fail would hold the senate to "long sessions" until the debate had worn itself out.

Republican and Democratic floor leaders both remained confident tonight that no reservation except that drawn by the foreign relations commission would be adopted and declared that more than the necessary two thirds majority had pledged themselves to support it.

LINCOLN VISITORS. Misses Harriet and Donnell Keys, Illinois Women's college students, are spending the week end with relatives in Lincoln.

EXTRAORDINARY ACTION MUST BE TAKEN—BOLLES

Legion Adjutant Says Necessary to Prevent Suffering

INDIANAPOLIS, Ind., March 11.—Lemuel Bolles, national adjutant of the American Legion and in its campaign to relieve unemployment, in a statement tonight declared "extraordinary" efforts must be exerted to keep jobless men from actual suffering in the near future.

While more men are steadily being placed in employment, he said in a formal statement that unless extraordinary means are exerted to create temporary employment and stimulate permanent employment, there will be destitution and suffering within the next six months more widespread than anything this country has seen within a generation.

"It is this condition which the American Legion and co-operating organizations intend to avoid. We have received reports from every state and practically every community that the work is going forward. We expect to have 500,000 of the 700,000 jobless veterans of the World war in employment within thirty days."

COLLINS IS GIVEN OVATION. CORK, March 11.—Michael Collins, head of the provisional government, received an ovation when he arrived here tonight, there were many bands and torchlight processions.

The attorney general of the United States has suggested a conference of the state's attorneys of Illinois to talk over methods for better enforcement of the prohibition act. It is presumed that conferences are being arranged in a similar way for other states.

A concerted national movement of this kind can do wonders in

bringing about enforcement of the anti-liquor laws and in consequence a more wholesome respect for those laws. The number of citizens who view with alarm the flagrant violations of anti-liquor legislation is constantly increasing, not so much because of the liquor question itself but because of the anarchy that this attitude of contempt develops.

Boston university proposes a course for Hotel Workers and will give training to bell hops and head waiters as well as the higher ups in hotel operation. Here's hoping that a few of the prospective hotel employees are educated how not to accept tips.

The days are gliding swiftly by and March 15 is very near at hand. If you haven't filed your income tax, beware, for Uncle Sam is a strict tax master and especially so about the filing of these schedules within the time prescribed by law.

Anybody who does not feel certain that the signs of general business are improving should peruse

the Dodge & Co. summary of building permits. This very interesting record shows that the permits issued in February in 27 northeastern states were 75 per cent greater than for the same month last year. They say you can prove anything with figures, but certainly these particular figures present only business encouragement.

The Illinois Bell Telephone Company owns 857,875 telephones of which 609,900 are in Chicago. The announcement is made in the annual report of the company just issued, which adds that the number of connecting or miscellaneous stations totals 344,968, making a total of 1,202,843 telephone stations.

Talking about educational courses, it sounds like a fine bit of common sense for the president of Northwestern university to advocate compulsory courses in home making for young women students. In some institutions of

higher learning there is too much trend of training away from this the finest art. That art might also be called a science. Even for the college girl who turns to professional life there would be advantage in the home training knowledge, and it would be likely to prove its worth some time during the years.

Since the home is the acknowledged fountain of good citizenship—of good character—when you think of it, what can exceed in importance training that will tend toward the bettering of home environment?

TUESDAY'S PRIMARY.

Speaking of elections, bear in mind the city primary election next Tuesday. Aldermanic candidates are to be named in each of the four wards. The least that you can do as a citizen is to make this election a matter of careful consideration. Make it your business to see that aldermen are nominated who are competent for the position and who can be counted upon to work harmoniously with the holdover members of the council.

This fact is almost as important as competency. It is a remarkable record that the present city council has made in this matter of harmony, to speak of nothing else. There has been unusual unanimity of opinion and where there have been differences there have been no quarrels. The opinions of their associates. There is not a man in the present council who feels that he is always right, and that his associates are likely to be wrong.

THE ROAD DISTRICT ELECTION.

Among other elections in early prospect are those in the road districts. The date is April 4, which is four weeks from next Tuesday. The city of Jacksonville is in road district No. 7 and the comparatively few people in the city are giving this election much thought they are nevertheless vitally interested in it.

The commissioner chosen for district No. 7 handles a large sum of money. One half of the funds raised thru the road tax on city property is used on roads in the district outside of the city. At some late time the exact figures will be laid to attention, but certainly the whole situation is one which merits the earnest attention of the voters. The choice of a road commissioner is not at all a political matter and nominations are not made on a party basis. At this election the voters should see to it that a competent and qualified man is chosen for the work.

ATTENTION MEMBERS WOMAN'S CLUB

MRS. A. B. WILLIAMSON President

DEATHS

McCullough

Mrs. Christina McCullough, widow of the late William C. McCullough, died at the family home at 8:20 o'clock Saturday morning. She had been in failing health since the death of her husband, which occurred last December.

Decedent before her marriage was Miss Christina Floberg and was born in Stockholm, Sweden, February 13, 1861. She was married to William C. McCullough in this city. Mrs. McCullough was a member of Grace church and was active in its work so long as her health permitted.

She is survived by one daughter, Miss Lillian McCullough of this city, two sisters and two brothers, Mrs. Garwood of Springfield, Miss Amanda Floberg and John Floberg of this city and Albert Floberg of Chicago.

The body was removed to the undertaking parlors of Arthur G. Cody and prepared for burial and will be taken to the family home today. Funeral services will be held from the residence at 2:30 o'clock Monday afternoon in charge of the Rev. T. H. Tull, pastor of Grace M. E. church. Burial will be in Jacksonville cemetery.

Spitler.

The death of Emma Spitler, sister of Mrs. Martha Hoover and Miss Laura Spitler occurred at a local hospital here after a brief illness at 9:15 o'clock Saturday evening. The body was taken to Reynolds Mortuary and prepared for burial and will be shipped on Tuesday morning to Buffalo at which place funeral services will be held at that place of which church decedent was a member.

Decedent was born in Jacksonville but when a child was taken to Buffalo with her parents where she had always resided until recently. Interment will be in Mechanicsburg cemetery.

BOY SCOUTS DOING FINE WORK WITH SURVEY

Many Boy Scouts put in strenuous hours Saturday in the local labor survey. Numerous reports were filed during the afternoon and evening, supplementing those previously made a matter of record. However, the city has not been fully covered and the canvass will be continued the early days of this week after school hours.

The reports already filed give indication of the real value of the work which is being done.

CLUBS AND SOCIETY

Camp Fire Girls Meet.

The members of the Oceoca Camp Fire Group of which Miss Katherine Forward is the guardian met yesterday afternoon at the Pilgrim Memorial for a business session. The meeting was in charge of Miss Aileen Rabjohns, president. During the afternoon plans were discussed for making money to be used this summer for a camping expedition. The rules of the Camp Fire group are that all the money used for a camping trip shall be raised by the girls themselves and plans were made yesterday for ways of raising the necessary funds.

I. C. Society Give Dance at Farrell Home.

The members of the Alpha Eta Pi, the Freshman society at Illinois College were the hostesses at a dance last evening at the home of Miss Dorothy Farrell on West College avenue. There were about fifty guests present and a delightful evening was spent in dancing to music furnished by an orchestra. Pretty favors were given out, Shamrocks, buttonhole bouquets for the men and flowers and other attractive favors for the girls. The delicious refreshments served at a late hour were in keeping with St. Patrick's Day and the affair in every way was very successful and delightful. Dr. and Mrs. C. H. Rammelkamp and Dean and Mrs. G. H. Scott were special guests of the evening. Those who assisted Miss Farrell in arranging for the event were, Misses Lois Brown, Ruth Mallonee, and Carlos Landers.

Mrs. Louisa Clarkson is Given Surprise.

Mrs. Louisa J. Clarkson, better known to her friends as Grandma Clarkson, was agreeably surprised at her home on West College avenue Saturday evening when a number of friends assembled to help her celebrate her 80th birthday which occurs today. She was the recipient of many useful and beautiful presents, one of them being a large birthday cake the gift of Miss Annabell Crum, her granddaughter, with 80 candles. When the cake was cut it was discovered that Miss Fay Scott received the ring, Miss Mary Bolman the button, Grandma Bolman the dime, and Grandma Clarkson the darning needle. Mary Helen and Elrud Bolman favored the guests with several songs and Miss Katie Clarkson gave some musical readings with Miss Crum as accompanist and Mrs. W. T. Clarkson gave a reading. The evening was pleasantly enjoyed by all present and the refreshments were delightful.

Jason Clark of Arcadia was listed among the visitors to the city yesterday.

FORMER RESIDENT DIES IN MISSOURI

Mrs. R. Y. Jones Passed Away Saturday Night No Particulars Received by Relatives.

Henry Waltman received word Saturday evening of the death of his sister which occurred at her home in Centralia, Mo., Saturday. She had been in failing health for some time.

Decedent was formerly a resident of this county and was married here to Mr. Jones. They removed to Centralia about ten years ago.

She is survived by her husband and three children. She also leaves four brothers and one sister, Henry Waltman, A. W. Waltman, Frank Waltman of this city, John Waltman of Lancaster, Kan., Mrs. M. E. Gray of Palmyra, Ill.

Members of the family will leave today for Centralia to attend the funeral.

Vote for C. H. Swaby for alderman in 2nd ward Tuesday, March 14.

PAINTINGS NOW ON VIEW

AT STRAWN ART HOME

The exhibition of paintings by great foreign and American artists lent to the Jacksonville Art Association by the Metropolitan Museum of Art will be on view at the Strawn Art Home this afternoon from 2 to 6 o'clock. On the remaining days of this week the great exhibit will be open to the public from 1 to 9 p. m.

There are thirty pictures in the exhibit and they have been arranged in a way to show them to the greatest advantage. The selection has been made in order to give the people in the various cities in which the exhibit is shown the opportunity of viewing not only the work of some of the old masters but also others of the later days.

Two important portraits are included in the collection, one of Mark Twain, Charles N. Flagg was the artist and the picture has gained widespread fame because it has been termed a most excellent characterization.

In a later issue a more detailed story will be given about this exhibition. Certainly the Art Association is fortunate in having been able to arrange thru the American Federation of Arts for this magnificent collection.

DIES IN IOWA.

Mr. and Mrs. Fred Strandberg of this city has been advised of the death of Barney Burkins of Pella, Iowa. The deceased was well known in this city, as he visited here a number of times in recent years.

MANY ATTENDED EDUCATIONAL CONFERENCE

Jacksonville was quite well represented at the third annual session of the South Central Division of the Illinois Teachers Association, held at the Springfield high school Friday and Saturday. Teachers from the city schools and from the School for the Deaf and the School for the Blind were in attendance. Supt. H. A. Perrin, Col. O. C. Smith, managing officer of the School for the Deaf, and R. W. Woolston, managing officer of the School for the Blind, were among those in attendance.

At the upper grade section meeting Miss Mabel Withee of this city gave an eighth grade demonstration illustrating work

in mathematics. Mr. Perrin led in the discussion.

One of the features of the general sessions was the address on Friday night by Honorable Quin O'Brien on the theme of "Present Day Problems."

ATTENTION MEMBERS WOMAN'S CLUB

All members are urged to be present at the Chamber of Commerce meeting Tuesday evening, March 14, at 7:45, to hear talk on "Clean-Up and Paint-Up" Campaign.

ORATORY TO WIND UP HEARINGS ON R. R. RATE LEVELS

Everybody Wants Lower Rates But Not Lower Wages

(By The Associated Press)
WASHINGTON, March 11.—Oratory expected to wind up the interstate commerce commission's investigation into general rate levels overran the limits set for it to day and the closing of the proceedings was postponed until Monday.

Glenn L. Plumb, spokesman for railroad labor unions, joined the shippers' representatives today in urging lower rates. He insisted that the lower rates could come without lower wages thru reduced operating costs and from the power which he contended the commission had to revise the valuations it has found for railroad property.

W. S. Bronson, opening rebuttal for the eastern carriers, attacked principally the arguments made for decrease in coal freights. Lower coal freights, he contended, would have only an infinitesimal effect in cutting prices of manufactured commodities, and could not be expected to increase rail traffic or improve business.

FOREIGN GOODS ARE HELD UP.

BERLIN.—Complaint has been made here that applications for permits to import foreign goods are held up until German business men are advised and given opportunity to offer the same thing to the German buyers.

Seki Hoshino, president of the Tokio Chamber of Commerce has told German importers that Germany's trade with Japan was being greatly hampered by delays in granting permission to import or export goods and that not only the Japanese but the Germans would feel the effect of a continuance of such policies.

German importers have frankly condemned the practice which they call "an unfair use of official authority" and while they profess to appreciate the necessity of Germany using every effort to keep up home production they are afraid they will lose more markets than they will gain unless orders can be expedited.

The Germans are particularly anxious to keep on good terms with the Japanese, who recently have put a number of ships into the German trade, most of which bring iron ore and depart with cargoes of machinery.

PRESIDENT WILL ATTEND CONVENTION

Chicago, March 11.—President Harding has accepted an invitation to be the guest of the Loyal Order of Moose during the annual convention at Mooseheart, Ill., the week of August. It was announced today by Ben O'Hara, acting dictator of the Greater Chicago lodge.

Mr. O'Hara said he expected the president to be in Mooseheart for about three days during which time he will make the commencement address to the graduates of Mooseheart school.

POLISH CABINET IS COMPLETED.

MEANS FOUND TO CURB DIPHTHERIA

(By The Associated Press)

NEW YORK, March 11.—A means of wiping out diphtheria said to have increased from 50 to 100 per cent thruout the country during the last decade, has been found thru use of the Schick test in the public schools here, it was announced tonight by Dr. Abraham Zingher, assistant professor of hygiene at New York University Medical college. After eight years of experimentation 95 per cent of the school children given the test in New York were made immune, Dr. Zingher said. The length of time that a person was immune from diphtheria by the use of the old serum was about four weeks, he added, while those given the Schick test eight years ago were recently re-tested and found still immune.

The test originated in Austria and improved here, consists of a series of injections of diphtheria toxin and antitoxin. Four days after the first injection a red spot can be noticed over the place of the injection if a person is susceptible to the disease.

FORMER SECRETARY HITS BACK AT HIS ENEMIES IN SPEECH

Montagu Says That Cabinet Responsibility is a Joke

(By The Associated Press)
LONDON, March 11.—Edwin S. Montagu, former secretary for India in a bitter speech before his Cambridge constituents hit back today at Premier Lloyd George and Lord Curzon regarding his enforced resignation.

Mr. Montagu showed no penitence for the publication of Earl of Reading's despatch and scoffed at the new creed of collective responsibility of the cabinet.

He asserted that he had been ignored by Lloyd George, and Lord Milner in connection with the Egypt report and Mr. Churchill.

"Cabinet responsibility is a joke," he declared. "Scenting the air while waiting for pursuit has thrown over the most inconvenient cargo."

India, said Mr. Montagu, would win her appointed destiny of freedom within the British Empire, to which there was no obstacle except disloyalty and non-cooperation. If an appeal were made to the British people, He pleaded that there should be no vacillation in Indian policy. The meeting attended by numerous Indian students unanimously voted confidence in Montagu.

MARY LESS COMMON AS NAME IN ENGLAND

LONDON.—(By the A. P.)—"Mary" is becoming less common as a girl's name, in the British Isles, say the organizers of the fund for the presentation of a wedding gift to Princess Mary in the name of "The Marys of the British Empire." These are very difficult times and in the really poor boroughs no collecting centers were formed but the organizers of perhaps the poorest district in which there was a center said the greatest enthusiasm was shown by the Marys living there.

In a rural district just outside London an old man brought three shillings and six pence wrapped up in a scrap of paper on which was written in pencil the message: "From my dear Mary who died last Christmas after nearly fifty years married."

Such gifts from the old were matched by others from young enthusiasts like the small girl who enclosed four shillings and six pence which she collected among her little friends.

St. Louis, March 11.—Federal warrants charging conspiracy to defraud the government were issued today against four men, two being lawyers, following the discovery of \$800 of war savings stamps identified as part of the \$13,000 loot obtained in the robbery of the State Bank at Iuka, at Iuka, Ill., Dec. 20 last. The men are John A. Jarisey and John T. Murphy, lawyers, and Cleto E. King and Tony Farasy. The men say they did not know the stamps were stolen.

Oliver Hackman of Arentzville was a visitor to the city yesterday.

CALEDONIA MILL GHOST FAILS TO MAKE APPEARANCE

New York Scientist Unable to Lure it from Hiding Place

(By The Associated Press)

HALIFAX, N. S., March 11.—The elusive Caledonia Mill ghost was still numbered among the missing ton ght. Dr. P. W. Prince, New York scientist who is trying to solve the mystery of strange noises, unexplained fires and other manifestations in Alex McDonald's isolated home, admitted that he had made no important discovery.

He played another card in his game with the unknown tonight. He had thought the presence in their home again last night of the MacDonald family, particularly the adopted daughter, Mary Ellen, might lure the ghost back, but this didn't work. So he sent them away and summoned two newspapermen to spend the night with him in the house.

These men were H. B. Whidden and D. McRitchie. It was Whidden's declaration that he had been unmistakably slapped by an unseen hand in the MacDonald house that finally induced Dr. Prince to come here. On that occasion Whidden was spending a night in the house at the instance of the Halifax Herald.

Tomorrow night Dr. Prince will be alone in the house unless the ghost should come. He plans to complete his investigation by Monday.

PICTURE TELLS OF ROBINSON CRUSOE

VALPARAISO, Chile.—By The Associated Press.—The rescue from an island in the south Pacific of Alexander Selkirk, the British mariner, around whom Daniel Defoe is said to have woven the tale of Robinson Crusoe, was vividly pictured to several hundred tourists, including prominent British and American residents of Valparaiso, on their arrival recently at June Fernandez—the original Crusoe island—250 miles off the Chilean coast.

Two natives of Juan Fernandez, on representing Crusoe and the other his man Friday, clothed in the traditional goat skins and wearing long beards, pushed off from shore on a raft after they had sighted the "rescue" ship. A parrot and a goat were their only passengers and, as in Defoe's story, the craft was laden with fish, fruits and other island products.

Boarding the vessel the "marooned" pair were received with all honors by the captain to the "Crusoe," presented his offerings. The passengers then took up a collection for poor children on the island.

The tourists spent three days at the Juan Fernandez island group visiting the wild country of high mountain peaks and luxuriant vegetation. They saw the monument erected by British seamen to the memory of Selkirk, the original Robinson Crusoe, and visited the look-out from which he is said to have sighted, nearly two centuries ago, the vessel that finally rescued him after four long years of solitude.

ATTEND 107TH BIRTHDAY PARTY CELEBRATION.

ST. LOUIS, March 10.—Five generations attended the celebration here on the 107th birthday of Mrs. Nancy Lyons, said to be the oldest resident of the city. Despite her age and an injury suffered in a fall seven years ago, Mrs. Lyons is active.

Mrs. Lyons was six years old when the battle of Waterloo was fought of which she retains a clear recollection. She has been a vegetarian her entire life, she said at her birthday celebration and attributed her age to moderation in everything.

SCHOOL FACILITIES ARE SCARCE.

MEXICO CITY.—More than 60,000 children of Mexico City are without school accommodations, according to newspaper reports. Of the 150,000 children of school age in the capital, it is said there is room for only 100,000. President Obregon is supporting Governor Gasca of the Federal District in his efforts to supply more facilities.

Mr. and Mrs. Charles Curtis of Prentice were doing shopping in the city yesterday.

With the Grand Prize Eureka Electric Vacuum Cleaner

Your Work will be A Pleasure and your Home a Delight

The measure of Eureka Superiority lies in the great volume of air that rushes thru the nozzle—and the Velocity at which it travels.

The wonderful little Eureka Motor creates an exceedingly high vacuum that pulls a great volume of air through the carpet or rug; and the velocity at which this air travels loosens every particle of dust or dirt embedded in the fabric and carries it up into the dust bag.

The carpet or rug is left perfectly clean and sanitary.

The Eureka cleans in the most thorough manner not only all carpets and rugs—but with its numerous attachments it is just as effective in the cleaning of upholstery, mattresses and draperies.

The brush inserted in or attached to the nozzle of this type of cleaner is there solely for the purpose of removing the lint, hair and threads from the surface. The air gets the dirt—the dirty, unsanitary dirt embedded in the rug or fabric.

S. T. ZACHARY TO SEEK RELEASE FROM JAIL

Attorneys for Man Charged With Murder Take Affidavit in His Behalf—Accused Man Claims to Have Acted in Self Defense.

An effort is being made to secure the release of Samuel T. Zachary from the Morgan county jail on bond. Mr. Zachary has been in jail for a number of months and is under indictment on the charge of murdering ZLuther Crawford.

Affidavits purposing to show that Mr. Zachary, who is seventy-three years of age, is in ill health and in need of institutional care have been filed.

Judge Norman L. Jones will be in Jacksonville again next Saturday and it is possible that the question of admitting the defendant to bail may be argued at that time. The defendant is represented by William N. Hairgrove and John M. Butler and they filed

a number of affidavits yesterday in support of the motion for admission to bail.

State's Attorney Robinson was not in position to argue the motion yesterday and neither did the time of the court permit. The affidavits present the statement of the defendant, his daughter, Helen L. Zachary, Reuben Rains, Frank Walton and Dr. Edward Rowe.

The day of the tragedy, Zachary declares in his statement that he never had trouble with Crawford prior to the day of the tragedy, November 16, last. It is indicated that the trouble arose because of alleged statements by Zachary about Russell Crawford, son of Luther Crawford, who was arrested on a charge of forgery. The case was dismissed by the grand jury.

The Zachary statement indicates that Luther Crawford had been incorrectly informed about the statements and that it was his demand for an apology which led to the shooting. The statement of Mrs. Zachary sets forth that when her father returned home after the shooting there were two marks on his face from which blood was flowing, and that the shirt he wore had a button torn off.

The affidavits of Frank Walton and Reuben Rains are to the effect that Crawford had threatened what he would do to Zachary unless an apology was forthcoming.

Dr. Rowe's affidavit is to the effect that Mr. Zachary, who has arterio sclerosis, is in a serious physical condition and in need of institutional care.

The following paragraphs are taken from Mr. Zachary's statement.

Tells of Meeting.
Reaching the period of the shooting Zachary's affidavit reads: "This affidavit further says that on the 16th of November, 1921, at about 2:30 p. m., this affiant left home for the purpose of going to the northwest part of his farm to look after some corn husking which was then in progress on said place; that this affiant took with him his shot gun with the expectation of shooting rabbits if he should run across any in going back and forth; that that this affiant went straight west across his field for a half a mile until he came to the public highway and that he then went north in said public highway a little less than a quarter of a mile and that he arrived at the gate leading into his field and was throwing some brush out of the gateway when the said Luther Crawford called to this affiant and said: 'Come up this way Uncle Sam, I want to see you.' That at the time the said Luther Crawford made said remark he was about 200 yards north of this affiant and was walking toward this affiant and was coming toward this affiant at a very rapid pace. That prior to the time the said Luther Crawford called, this

affiant had not seen him and was not expecting to see him."

Says Crawford Attacked Him

"That after the said Luther Crawford called this affiant, this affiant walked north a few steps and was about 50 or 60 feet north of his gate when he was met by the said Luther Crawford; that the said Luther Crawford said as he was approaching this affiant: 'I have some good news for you. My boy got out of that trouble all right.' This affiant then said: 'I am glad of that Luther, sure.' Thereupon the said Crawford came up close to this affiant and said to this affiant: 'Your boy swore a lie.' This affiant then said: 'I don't want any trouble with you or anybody. I am not looking for trouble.' Crawford then said: 'You old man, you have got to apologize for what you have said about my boy up there in the field the other day.' That this affiant then again said: 'Luther, I don't want any trouble out of this. I am not looking for trouble.' That this affiant then turned and said: 'I had started down to tend to some business in the field, and as this affiant turned the said Crawford grabbed this affiant by the coat and shirt collar with his left hand; that this affiant at that time could observe and did observe that the said Luther Crawford was under the influence of liquor and that he had a wild, angry and desperate look and that this affiant was afraid of him because this affiant was not of a size or strength to take care of himself in a personal encounter.

"That the said Crawford, after taking hold of this affiant by the shirt collar, pushed this affiant forward and twice back his right arm and doubled up his fist and said: 'I've a good mind to knock you off.'"

"That the said Crawford was jerking this affiant and pulling the affiant back and forth and that as a result thereof this affiant was being choked and could hardly get his breath. "That this affiant further says that at that time he was holding to the muzzle of his gun with his left hand and the butt of the gun was resting on the ground and that by leaning on said gun he was able to keep from being jerked off his feet and thrown upon the ground and that the said Luther Crawford then said: 'There is your old gun. It don't amount to a —, nor you either, you —.'"

BRITISH WORKMEN'S WAGES ARE CUT

LONDON.—(By the A. P.)—Wages of the British workmen were cut more than 6,000,000 lbs. a week in 1921, says the British Board of Trade. The reduction affected more than 7,000,000 workers and was almost equal to the increase in pay which had been granted in 1919 and 1920.

The severity of the British income tax may be judged by the fact that installments now payable, including the super-tax, amount to 400,000,000 lbs. sterling. The burden is borne by less than 2,500,000 persons. The sum now levied in income taxes is almost twice as much as the whole national revenue in 1914.

The number of unemployed continued to increase during the past month. A statement issued by the American Chamber of Commerce in London shows the severe declines in British trade last year. It gives British imports in 1921 as only 74.3 percent of their volume in 1913, while exports were only 49.8 percent of those of 1913.

In the last three months of 1921 however, a steady increase is noted in exports of coal and manufactured goods.

EIGHT ILLINOIS BANKS BURGLARIZED

Chicago.—(By the A. P.)—Of the eight banks in Illinois burglarized in February, not one of them was equipped with a burglar alarm, the Illinois Bankers' Association pointed out today in a bulletin to members in which banks were urged to provide better protection against robbers.

"It is the physically weak who are imposed upon and abused and this applies not only to human beings, but to banks," the bulletin said. "Therefore, it behooves each banker to strengthen his institution to withstand abuse in the way of bank burglary and robbery."

DR. HARRY WARD AT WOMAN'S COLLEGE

Social Service Professor Makes Interesting Address—Says Building of Home is Greatest Work.

Dr. Henry F. Ward, professor of Social Service in the University of Boston, delivered a lecture at Music Hall, Illinois Woman's College last evening on the subject of "Labor."

The attendance to Dr. Ward's lecture was not as large as it should have been. However, there were a goodly number present and all seemed to be interested in Dr. Ward's remarks.

Thru President Harker of the college the various bodies of Organized Labor had been invited to hear the lecture and there were a good many of the members of Organized Labor present.

Dr. Ward spoke pleasantly and in conversational manner and handled his subject in masterly way, rather taking the ethical view of labor.

The speaker stated that from 60 to 85 percent of the energy and cost of labor was wasted under the present constructive system of manufacture and distribution, and that the present mechanical machinery was not organized to produce humanity's needs at least cost of energy but to produce necessities at a profit.

Speaking of Organized Labor Dr. Ward said that the trouble is often with the motor power of the machine. If you have not got enough of it or the right kind of it, it won't help much. Today's problems are very different to any of the past and are ever changing. Humanity is not satisfied with bodily comforts as the ox. After we have made ourselves comfortable we look around for something more and strive to attain it.

Home Building Greatest Work

Dr. Ward contended that monetary gain was not the incentive that had inspired labor to great achievements and drew many apt illustrations to the point. He contended that the greatest industry in the world was not the steel industry, or the transportation industry, or the building industry, or the financial industry, nor commerce, but the building and keeping of a domestic home. In this great industry Dr. Ward stated that both man and woman took part and that there was no industry that could be compared to it.

Dwelling further upon the spirit of labor when directed for the good of humanity, the speaker cited the fact that during the late war production of all kinds was increased because it was made to combat an evil rather than to increase the wealth of a factory. So it has always been with labor. When there was a national crisis labor always came forward with achievement proving, as the speaker stated man will always do more for love than he will for money.

One of the great problems of the times is interesting the leaders of big business, Dr. Ward stated, is how and what means can be devised to lift as many as possible to a higher level and when that common ground has been reached to assist those who may want to arise above the level of laboring merely for their daily bread. That it was acknowledged the millions of workers of the world who parade to and back from work shops by order of courts and contracts did so unwillingly and that production under such conditions could not lift up labor or inspire production.

VOEMAN MAY BUILD VILLAGE.

MOLINE.—Establishment of a model village on the Illinois side of the Mississippi river, near here by the Brotherhood of American Voemen, as a refuge for 1500 fatherless and motherless children is under consideration. The central location and natural beauty of the valley make it a most desirable place, according to A. N. Farmer, of Grand Rapids, Michigan, chairman of the site committee. A final description will not be made for some time. A fund of \$10,000,000 is available for building the village.

Mrs. Harry Cade and Mrs. Edward Cade, both of Murrayville, were shoppers in the city Saturday.

CIRCUIT COURT IS ADJOURNED FOR WEEK

Judge Jones Entered a Number of Orders Saturday—Henry W. English Re-appointed Master in Chancery.

In the circuit court yesterday Judge Norman L. Jones entered a number of orders in both law and chancery cases. The court reappointed Henry W. English as master in chancery to serve for a period of two years, on his filing bond in the sum of \$25,000.

After hearing the final order, Judge Jones adjourned court to Saturday, March 18. Two suits of Powers, Begg & Co. against the C. B. & Q. railroad, involving freight claims, were dismissed by the plaintiff.

In the assumpsit suit of Irvin, Luther and McClellan Sheppard against William T. Dale, a demurrer was filed to the special count of the declaration.

Chance y.
The master's report was filed in the suit of the Mauvaisterre Drainage and Levee district against John Frank and decree of foreclosure was entered.

In the ex-parte proceedings of Hardin C. Kepinger as trustee under the last will of W. C. Clayton, the death of Mayne Slack, trustee, was suggested. On petition William Colton was named trustee, with bond in the sum of \$1,500.

The trustee's current report in the estate of James Wood was filed.

In the estate of Nancy Wingler vs. M. F. Dunlap et al., the special demurrer to the amended bill was sustained as to allegations charging undue influence, leave was granted the defendant to answer by March 1, and to file a cross bill.

In the divorce suit of Ivorine Bergschneider vs. Frank Bergschneider a default order was taken against the defendant and decree of divorce was granted on the ground of extreme and repeated cruelty. To complainant was allowed to resume her maiden name.

In the partition suit of Louis Wegehoff vs. Charles Wegehoff, the decree of sale was approved.

In the partition proceedings of Sallie J. McFalls vs. Elizabeth Kelly, the report of the commissioners was approved and decree of sale entered.

In the partition proceedings of Mary C. Vasconcellos et al. vs. John Flynn, default of the defendants was noted and a decree for partition and appointment of commissioners approved, following the approval of the master's report.

In the estate of Lulu Stewart vs. Charles Stewart for separate maintenance, the injunction heretofore issued was modified as to release of the horses and cab described therein and the property of the complainant.

PARISIAN DOGS HAVE FINE PATHS

Paris.—(By the A. P.)—No longer will those pampered pets of Parisian women—the Pomeranian and the Pekingeses—be left to the unskilled care of the maid for their weekly baths.

Elaborate baths, constructed and equipped exclusively for the ablutions of pet dogs of wealthy Parisians have just been opened in the exclusive Saint Honore quarter of Paris.

A fashionable dog's life is a veritable path of roses if the word of attendants at the canine bathing establishment may be accepted as true. Attendants say he rides in a luxurious motor car to the baths where he has a private bathing compartment.

After the bath experienced masseurs pay their respects to his canine higness while a manicurist shapes his artistic claws. When the veterinary determines that his health is all that is owner could desire, he reenters the motor car with his mistress and returns home to a dainty meal of porterhouse steak.

Lester Blohm of eBardstown was in the city Saturday to spend the day.

BLOOMINGTON FALLS BEFORE ATWOOD HIGH

Conquerors of J. H. S. Win Sectional Title at Decatur

DECATUR, Ill., March 11.—Atwood won the Decatur district basketball championship tonight by defeating Bloomington 29 to 18.

The game was played on the local floor in several years. The passing and basket-shooting accuracy of the Atwood players was too much for the heavy New Trier quintet.

Atwood and Bloomington fought a grueling contest up until the last quarter when the Atwood players stepped out and showed the spectators the prettiest exhibition of basket shooting in the tournament.

The score at the end of the third quarter stood 16 to 15 for Bloomington.

This afternoon Atwood won from Villa Grove 27 to 20 and Bloomington won from Athens 41 to 25.

Peoria, 22; Watseka, 18.

Peoria, Ill., March 11.—Peoria defeated Watseka 22 to 18 in an overtime game and won the sectional basketball championship title tonight. The score was 18

to 18 at the end of the second half.

Rockford, 34; New Trier, 24. Aurora, Ill., March 11.—Rockford High school won the sectional basketball tournament here tonight by defeating the fast New Trier five in the final game 34 to 24. A crowd of 1,000 fans saw the contest, one of the fastest games played on the local floor in several years. The passing and basket-shooting accuracy of the Rockford players was too much for the heavy New Trier quintet.

CHAMPIONSHIP GAMES

At Mt. Vernon, Marion, 32; Centalla, 32.

At Decatur, Atwood, 29; Bloomington, 18.

At Peoria, Peoria, 22; Watseka, 18.

PHILADELPHIA, March 11.—The University of Pennsylvania basketball team tonight defeated Dartmouth 24 to 23.

COMMENT ON NEW FOOTBALL RULES

Lawrence, Kans., March 11.—Coach Clark of the University of Kansas said he would have preferred to see the free kick for goal after a touchdown retained.

Iowa City, Iowa, March 11.—Director of Athletics Jones and Football Coach Ashmore of the State University are of the opinion that the abolishment of the free trial for a goal after a touchdown and its substitute rule is a good thing.

The old method, they say, was too easy. It depended too much upon the individual efforts of a single player.

Madison, Wis., March 11.—The new play following a touchdown in a football game devised to give the attacking team an opportunity to score thru any kind of a legal play from or behind the five yard line is favored by Coach Jones, University of Wisconsin. He said he believed the scrimmage which would replace the ordinary kick after a touchdown would afford a more satisfactory way of deciding which was the better team.

Bloomington, Ind., March 11.—Altho he expressed no dissatisfaction over the action of the football rules committee in abolishing the goal after touchdown, Coach Stehlem of Indiana University today said he hoped some substitute would prevent tie games.

Columbus, O., March 11.—Dr. John W. Wilce, football coach at Ohio State University, declared today that the new football rules abolishing a try for goal after a touchdown should result in "more offensive strategy" which in turn should make a more spectacular game. He said he had been satisfied with the old rules, but that he favored anything that would permit of more offensive strategy.

St. Louis, Mo., March 11.—Abolishment of the free goal was commended by George L. Rider, coach at Washington University and Steve O'Rourke, coach at St. Louis University.

Syracuse, N. Y., March 11.—Coach Meahan of the Syracuse University football team declared he believes the scrimmage feature in the new football rules will benefit the game.

San Francisco, Cal., March 11.—Approval of the change in football rules was voiced by H. H. Huebel, president of the Pacific Coast Football association. "Andy" Smith, University of California coach who is representing the Pacific Coast at the New York meeting was instructed by the association to vote for such a change Huebel said.

Eugene, Ore., March 11.—"Shy" Huntington, coach of the University of Oregon football team was not enthusiastic over the new scrimmage rule adopted by the intercollegiate rules committee.

"This placing the ball in scrimmage for a single point will tend to delay the game," he said.

HORSE CAVE, Ky., March 11.—The new football rules announced in New York today is a "fad" and will last for only one year," Charles B. Moran, head coach of the Centre College football team, said tonight.

CHAMPAIGN, Ill., March 11.—Coach Robert C. Zuppke of the University of Illinois is not greatly impressed with the new football rule abolishing goal kick after touchdown, because it carries with it a substitute. Without comment on the value of the kick, he said he was not in favor of a substitute.

"If the opportunity to score a point after touchdown is abolished it should be really abolished, and nothing substituted," he said. Regarding shift plays, he said that much depends on the interpretation of plays by officials.

WISCONSIN WINS FROM CHICAGO U.

CHICAGO, March 11.—The University of Wisconsin defeated the University of Chicago 31 to 24 in a Western Conference Basketball game tonight.

The score at the end of the half was 17 to 13 in favor of Wisconsin. The Chicago team's offense seemed weak and most of its passes were captured by Wisconsin players. The summary:

Wisconsin: Position. Chicago: Center, H. H. Halladay; Taylor, H. H. Dickson; Gibson, 1; Williams, 3; Halladay, 1; Dickson, 3; Yardley, 1; McGuire, 1 and Romney 1. Free throws, Taylor made 4, missed 2; McGuire made 10, missed 2.

KERRIGAN CAPTURES OPEN GOLF TITLE

Jacksonville, Fla., March 11.—George Kerrigan, Sarasworth, N. J., won the Florida open golf title today with a total score of 297.

GRAND CIRCUIT RACING ENTRIES ANNOUNCED

Cleveland, Ohio, March 11.—Record lists of eligible three year old trotters to race in the championship stalling stake and the matron stake, two of the richest events in grand circuit racing, were announced today by James Clark, acting secretary of the American association of trotting horse breeders, more than sixty of the fastest trotters in the country being eligible in each event.

The champion stalling stake, valued at \$11,000 has been awarded to the Forest City Livestock and Farm company and will be raced at the North Randall track during the August grand circuit meeting. Among the entrants are all the crack two year old trotters of last year, every large stable being represented.

Many stables have more than one entry, a new rule permitting owners to start as many eligibles as they choose.

The Matron stake, valued at \$8,000, has been awarded to the Toledo Driving club, and will be staged at Toledo on Monday, July 31.

BOWLERS FAIL TO TOUCH RECORDS

TOLEDO, O., March 11.—Bowlers from New York, Chicago, Cleveland, Buffalo, South Bend and other cities failed today to touch the leaders in any of the minor events of the American Bowling Congress tournament.

Jimmy Blount and Phil Wolf of Chicago, bowling today in the doubles scored 1248 for a tie with Peterson and Zuhra, also of Chicago for second place.

R. Zimmerman and W. Hines, of Chicago collected 1240 for their three games and took third place. J. Shaw and H. Marino, Chicago, bowled 1208 for a tie for eighth place with W. Bagnell and J. Ladas of Joliet, Illinois.

Other money winning scores in the two men event were: W. Brennan-W. Miner, Chicago, 1179; P. Hawley-G. Hanson, Chicago, 1171; E. Sternquist-E. Guston, Chicago, 1169 and J. Bartos-H. Ehlman, Chicago, 1164. The highest score in the individual event was far below the last in the first ten, O. Halberg of Chicago led the several individuals for the day with 621.

The prize money apportionment was announced officially today as follows: 225 five-men ranging from \$1,000 down to \$25; 482 doubles from \$500 to \$12; 92 singles from \$300 to \$30; 92 all events awards from \$150 to \$2. Teams from Buffalo, Chicago, Cleveland and South Bend went on the alleys on the first shift tonight at 8:15.

DAVID PRINCE WINS FROM FRANKLIN FIVE

Defeated Visitors By Score of 48 to 4—Outclassed Franklin Boys

The David Prince boys showing great form and improvement over their last game, swamping Franklin, 48 to 3. Altho the Franklin boys were greatly outclassed they never gave up and proved to be a hard fighting, clean playing bunch. Volsmeier at guard played a good game being the only scorer for Franklin making one free throw and one field basket. Pires and Peterson were the main men for David Prince. Pires getting a total of seven field baskets. Peterson was second with five; Fitch, Wright, Dewees, Wilson and Dodswoth also broke into the scoring. The D. P. boys had wonderful team work and their basket shooting was excellent. They have been under the coaching of Lewis who gave them some hard workouts. They are trying to get another game with the Yankee Five for next Friday evening in which they expect to get revenge. It was impossible to get the names of the Franklin team. NAVAL ACADEMY BOXERS VICTORIOUS

Annapolis, Md., March 11.—Naval academy boxers were victorious in an international boxing tournament today, defeating a combination team composed of representatives of McGill, Toronto and Queens' universities of Canada, five bouts to two. All of the bouts were marked by clever boxing, heavy punching and clean sportsmanship.

MANY FAST HORSES ENTERED IN DERBY

Louisville, Ky., March 11.—Ninety-two leading three-year-old American thoroughbreds have been named for the forty-eighth Kentucky derby which will be run May 23. Practically every eligible that gave promise as a two year old of proving formidable on the turf is on the list, according to officials of the Kentucky Jockey club, which made it public today.

The nominations are fifteen fewer than for the Kentucky derby in 1921, when 107 were named.

BILLY MISKE TO MEET MADDEN

COLUMBIA, Mo., March 11.—According to a statement issued today the University of Kansas will not meet the Missouri university in a game to decide the Missouri Valley conference basketball championship.

ANNOUNCE DATES FOR SPRING RACING

Lexington, Ky., March 11.—Dates for spring racing on Kentucky tracks were allotted by the state racing commission today as follows:

Lexington, ten days beginning May 13; Latonia, twenty-nine days beginning June 6.

TRIAL FOR GOAL AFTER TOUCHDOWN IS ELIMINATED

Many Other Changes Are Made by the Rules Committee

NEW YORK, March 11.—Abolition of the free trial for goal after touchdown, substitution therefore of a play from line of scrimmage on or back of the five yard line of a defending eleven and clarifying changes in the rules regarding shift plays, clipping from behind and substitutions were announced today by the intercollegiate football rules committee.

The action of the committee in abolishing the trial for goal after touchdown, the most radical step taken since the introduction of the forward pass in 1906, has been recommended by the Association of American Football Coaches following its meeting last December. The revision had been demanded by a majority of football experts for years, and since the abolition two years ago of the punt out, many leading coaches took up the campaign for abandonment of the play. They declared that it was useless as it stood and harmful to the game.

The scrimmage play would produce one point toward the score.

In regard to the change in the shift ruling the opinion of some football men was that it would tend to put a damper on the playing style of some of the leading western college elevens, especially that of Notre Dame, whose weird formations have confused teams for several years.

The darkness rule was altered to allow the referee, with the consent of both captains to decide between halves to shorten the fourth period or both periods in the second half. Heretofore, shortening of the time previously agreed upon could be made only before the game began.

Rules governing substitutions were changed so that a player cannot return to the field in the same half in which he is removed. It is not necessary that he should return at the beginning of a period.

One Man In Motion Regulation The "one man in motion" regulation was re-written so that any player leaving the scrimmage line before play begins must be at least five yards behind the line when the ball is snapped.

Among the ruling approved was one that officials should whistle as soon as convinced that the ball had crossed the goal line, or in the case of forward passes when the pass is completed behind the line.

The committee decided to have interpretations of rules made by the general interpretations committee printed September 1 each year.

No action was taken on the proposal to make the numbering of players mandatory. E. K. Hall was re-elected chairman, and Walter Camp, secretary and rules editor.

This Will Help You Put On Pounds of Good Firm Flesh

And Round Out Face And Figure If You Are Weak, Thin Or Emaciated Due To Causes Explained Below

Get a FREE \$1.00 Package of Genuine Yeast Vitamine Tablets Today as Explained Below — Try Them for Ten Days and Watch the Results

Science has at last shown how we sometimes grow weak, thin, and emaciated — on an abundance of food (lacking in vitamins) while with a much smaller amount of food, rich in vitamins, we may quickly take on good firm flesh, increase in weight, and make a remarkable gain in strength, energy and endurance, provided your blood contains sufficient quantity of oxygenated organic iron to enable your body to assimilate your food properly.

Without organic iron both food and vitamins are absolutely useless as your body cannot change lifeless inert food matter into living cells and tissues unless you have plenty of organic iron in your blood.

For centuries scientists tried in vain to make organic iron. At last the problem was solved so that you may now obtain pure organic iron free that you purchase. If your dealer does not have our Vitamine Tablets he can easily obtain them for you from any wholesale house. Cut out this coupon and present it to your dealer today.

FREE \$1.00 Coupon

This coupon, if used within five days, entitles you to one regular \$1.00 package of Genuine Yeast Vitamine Tablets, absolutely free with each bottle of Nuxated Iron. This is a special offer. The regular \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free. Be sure to take only Nuxated Brand Yeast Vitamine Tablets with Nuxated Iron.

DR. HARRY F. WARD

Dr. Harry F. Ward, professor of social service in Boston University made an address Saturday morning before the students at Illinois Woman's college at the chapel hour. The address was one well worth hearing, dealing with various phases of the labor question. The speaker called attention to the bad effects of low wages upon the individual and the community and suggested a number of methods by which the situation might be improved from the standpoint of both capital and labor.

PLANS BEING MADE FOR FORUM MEETING

Will Open Campaign for Clean Up Week—Will be Waged Actively

"Dirt breeds disease. Let's clean up, paint up, and live longer," will be one of the slogans used in the coming Clean Up and Paint Up Campaign to be staged in Jacksonville within the next few weeks under the auspices of the Chamber of Commerce. The campaign is to be put on in accordance with some of the plans used in the National Campaign being staged in all of the leading cities of the country this year.

The committee in charge of the campaign includes Lee Caldwell, chairman, Dr. A. M. King, A. T. Capps, Cole Y. Rowe, Miss Anne Fowler, William Goebel, and Miss Maude Ryan. The committee met yesterday afternoon at the Chamber of Commerce rooms with Dr. Carl E. Black and members of the Chamber of Commerce Forum steering committee and made tentative plans for the speakers and the general conduct of the Forum meeting to be held Tuesday evening.

A supply of literature for the National Clean Up campaign has been received and will be used in the local project. It is a fact that the local Chamber of Commerce has received letters from people who have visited the city, saying that they thought the city looked dirty and dingy. Visitors have remarked that the town needed paint, especially in the business district and it is the aim of the campaign to remedy this very evident situation. The program of the campaign will include the painting of business houses, homes, the cleaning up of back yards, alleys, removing of ash piles, rubbish, and the general improvement of vacant lots, streets and unsightly areas that mar the beauty of the city.

The campaign is endorsed by public health departments all over the country. Not only is it of advantage to a community from the standpoint of health but also from the standpoint of civic advertising and improvement. "The history of community advertising reveals the fact that no city has successfully advertised its advantages until after cleaning up and giving the city and its environs an inviting, thrifty and prosperous appearance." The morale of the industrial community is always improved by this campaign and the people who are striving for the advancement of Jacksonville will not doubt take an active part in making this campaign a success.

FOREIGN WAR VETS TO MEET

Harrison Dickson Post to Talk About Coming State Convention.

Monday night at 8 o'clock at American Legion hall a regular meeting of Harrison Dickson Post No. 53, Veterans of Foreign Wars, will be held. A number of matters of interest are to be considered and some preliminary announcements will be made with reference to the third annual encampment of the department of Illinois, which will be held this year June 22 to 24 at Sterling, Ill. The preliminary program as already announced shows that speakers of prominence will be present and make addresses. In addition the occasion will be made important by the presence of a number of ex-service men and officers who have risen to prominence.

Veterans who wish any additional information can secure it by writing to M. D. John, secretary of the executive committee of the Association of Commerce, at Sterling.

FRATERNAL SOCIETY FOR DEAF INSTITUTED

Was Organized Saturday Evening With Twenty-Four Members—Interesting Addresses Made.

A Divisional order of the National Fraternal Society of the Deaf was instituted in Jacksonville last evening. The meeting was held at the I. O. O. F. Temple on East State street.

The meeting was attended by a large number, the most of whom were deaf. Delegations from Chicago and Springfield were present and a number of delegates from the Grand Lodge which is located in Chicago were down to assist in the work.

Following the installation of the order a number of addresses were made. Mayor Crabtree talked to the association and said he had never welcomed any meeting in Jacksonville that gave him more pleasure than to say that he was glad to see the gathering assembled and to know the purpose for which the meeting was called. Col. Smith of the School for the Deaf and W. D. George a teacher of the school also made talks as did a number of members of the fraternity and several visitors.

Arthur L. Roberts, assistant secretary of the Grand Division of the society, reviewed the history of the organization. He stated that this society was founded in the year 1901 at Flint, Michigan. Its organizers were some young deaf men just out of school. One of the principal reasons for the organization was discrimination against the deaf by insurance companies and fraternal societies. In 1907 the society was reorganized under its present name and received its charter from the state of Illinois.

The objects of the society are to pay death benefits to the family of members who die; to pay benefits to members who fall sick or meet accidental injury; to unite all deaf men of good health, habits and character in a brotherhood of friendliness and good fellowship and for the purpose of helping one another and making life better and happier for all its members and the deaf as a class. There are divisions instituted in forty-four states and the Jacksonville division is the 88th instituted.

The local division starts with a membership of 24 all of whom are residents of Jacksonville. There are about 200 deaf persons living in the city outside the school for the Deaf and with the nucleus started doubtless the local division will grow in membership.

The officers of the local order are as follows:

President—H. A. Molohon. Vice President—R. T. Burns. Secretary—Ernest Tilton. Treasurer—Harry Mathers. Director—Ernest Mathers. Sergeant at Arms—Rowert Bowman.

Patriarch—Park Moses. Directors—Lee Hoff, Hiram Gelf and Fred Scheneman.

Those from the Grand Division of Chicago who aided in instituting the local order were Arthur L. Roberts, George Brasher, R. Roundtree, Ernest Schroeder, Isadore Newton, Otto Lorenz and Clarence Murdy.

At the close of the evenings exercises a sumptuous banquet was served.

UNITED STATES HAS BIG PERCENTAGE OF THE MOTOR VEHICLES

Eighty Three Per Cent of All in Use in the
World Are Owned in This Country—
Motor Vehicles Everywhere Now Says Re-
port—Mexico Imported More Than in 1920

(By The Associated Press)

NEW YORK, March 11.—More than eighty three per cent of the 12,588,949 motor vehicles in use in the world are in the United States. With 10,505,660 in this country and 961,030 in the other English-speaking countries there are left only 1,122,030 for the rest of the earth.

Divided into continental classifications, the world registrations of motor vehicles are: North and South America, 11,162,110; Europe, 1,110,996; Asia, 134,730; Oceania, 125,281; Africa, 55,832; Registration in Spanish-speaking countries aggregates 241,584.

These were gathered by Automotive Industries. Others from the same source show that countries in which motor vehicles are most numerous are, in order: United States, 10,505,660; Great Britain, 497,582; Canada, 163,448; France, 236,146; Germany, 91,384; Argentina, 75,000; Australia, 73,960; Italy, 53,000; India, 45,983; Dutch East Indies, 45,000; Spain, 37,560; New Zealand, 37,500; Russia, 35,000; Belgium, 33,200; Union of South Africa, 26,468; Brazil, 25,000; Mexico, 25,000; Denmark, 22,260; Cuba, 20,000; Switzerland, 18,011; Austria, 16,550; Norway, 14,340; Sweden, 14,250; Holland, 12,500; Philippine Islands, 12,331; Japan, 12,260; Algeria, 12,000; Poland, 10,700; and Chile, 10,000.

There are motor vehicles everywhere, however. The Malay States have 8,000; Turkey, 5,500; Egypt, 5,084; Czechoslovakia, 4,133; the Gold Coast, 3,500; Morocco, 2,500; Siam, 2,187; Dominican Republic, 1,800; Hawaii, 1,500; British Guiana, 1,050; Canary Islands, 881; Newfoundland, 600; British West Africa, 546; Portuguese East Africa, 400; French West Africa, 230; Madagascar, 159; Italian Somaliland, 66; and even Mongolia has 3.

The province of Ontario with 200,900 has nearly half the total for Canada while the province of Saskatchewan with 63,370 leads the old province of Quebec by 4,000.

Also Argentina has a total of 75,000 cars and trucks, the city of Buenos Aires with a population of 1,500,000 has 15,000, nearly half of which are taxicabs.

The total registration of 497,582 for Great Britain, including England, Scotland, Ireland and Wales, shows one motor vehicle for every 96 persons. France has only one for every 152 persons.

Mexico was the only country which imported more automobiles in 1921 than in 1920 and careful estimates show that its automotive registration increased nearly 50 per cent last year.

Porto Rico is using motor vehicles to supply transportation not furnished by railroads. The development of bus lines on the island has reached large proportions. The use of the motor bus also is a recent development in Salvador.

Poland, with a population of 24,000,000 has only 10,700 motor vehicles a large percentage of which are in Warsaw, Lodz and Posen. The free city of Danzig has 1,100.

Bulgaria, whose transportation system was wrecked during the war, has only 1,140 cars and trucks for its 5,000,000 population.

The increase in the number of automobiles in Belgium since the war has been almost 100 per cent and the country now has one automobile for every 230 inhabitants.

The Russian army operates 1,500 of the 8,500 motor vehicles in Rumania and there are 3,400 in Bucharest alone.

COLLEGE WOMEN HAVE ORGANIZED

Jacksonville Chapter of the American Association of University Women Officers are Elected.

A group of college women of Jacksonville and vicinity met yesterday afternoon at Illinois Woman's College and made plans for the organization of a Jacksonville chapter of the American Association of University Women.

The meeting was in charge of Mrs. A. B. Applebee and from the indications of yesterday's session the local branch of the national association promises to be an active and large organization.

The report of the constitution committee, of which Mrs. G. C. Grout was chairman, was given and a constitution and by-laws accepted for the new organization. It is planned to hold the meeting of the chapter the first Saturday in every month. Mrs. G. H. Scott, chairman of the membership committee gave a report showing that there are 97 women in the county who are eligible at the present time for membership in the new organization. This does not however, include all who are eligible because the committee found it very hard to get in touch with all university and college women in the county and there are probably others who are entitled to belong to the chapter.

Miss Olive Austin, chairman of the nominating committee then gave her report and the following officers were elected for the Jacksonville Branch of the American Association of University Women:

President—Mrs. G. C. Grout, of Winchester.

Vice President—Mrs. J. Weir Elliott, Jacksonville.

Secretary—Mrs. L. S. Doane.

Treasurer—Miss Mary Anderson.

Members of the executive committee at large—Mrs. G. H. Scott, and Mrs. A. B. Applebee.

It was also voted at this meeting to send a representative of the Jacksonville branch to the national convention to be held in Kansas City the first few days in April.

The representative will be named later by the executive board. Mrs. W. A. Fay gave a very interesting report of her recent visit to the Association House in Washington D. C. The association at the national capital is planning to move into new and very attractive quarters in the near future and Mrs. Fay, in talking with those in charge of the house was able to learn of some of the many activities of the University Women in Washington.

GEORGE WATSON IS DOING WELL.

George Watson who lives on Illinois Avenue and who recently has started in the poultry business is doing well and bids fair to be very successful in his work. It will be remembered that George Watson is the man who lost both legs and his right arm when he was run over by a train some years ago.

The social service league and the members of the McCabe M. E. church took an interest in him and through their efforts he was provided with artificial limbs and given help in starting into some kind of business which would make him self supporting. It is now only a question of a short time until he will be able to care for himself and will be in the independent class. This case is one of the splendid examples of constructive work that the Social Service League has accomplished in the community.

WHITE HALL CHILD IS CALLED BY DEATH

White Hall, March 11.—End, the year-old daughter of Mr. and Mrs. F. G. Barnwell, residing on Carrollton street, died at 4 p. m. Friday following an illness with whooping cough and pneumonia.

The child was ill three weeks, but had recovered to such an extent that the father had resumed his road work in the picture line. A relapse occurred that resulted in the child's death, and the return of the father is awaited for the completion of funeral arrangements.

A family who have lived in Belltown most of their years, and it is likely that the burial will be at Belltown.

A Labor Index?

Roger W. Babson Proposes the "Production Rating" by Which Various Cities Can Be Judged

Continuing his personal survey of business conditions Roger W. Babson sends the following from the central south. These authentic statements are appearing exclusively in the Journal.

"Before continuing the report of the balance of my trip I want to discuss a problem of importance that it will not wait. Since leaving home last November I have visited 20 of the largest cities and have pretty much covered industrial America from Canada on the north to the Gulf of Mexico on the south. This trip has impressed me with two major facts. Business is suffering from two entirely separate things. The first is the weakness of our system of distribution which I intend to take up immediately upon my return. The second is our appalling ignorance of production standards as the efficiency of labor in different sections of the country.

"When a manufacturer faces a problem in finance or marketing he gets his information on railroads, rental charges, dock facilities, population and climatic conditions. When he faces the problem of production he can get no figures.

"I have tried the Chambers of Commerce in practically every city I have visited. I have tried the Department of Labor and the other departments at Washington. No one apparently has any data on the relative efficiency of labor in different sections of the country. In the same line of business there are great variations. Men doing the same kind of work in two different sections of the country produce a different output. Wages per hour are pretty much standardized, but when it comes to production per dollar we are all in the dark.

"As a solution of this difficulty I suggest having a National Committee of three or five appointed by the Secretary of Labor to prepare certain labor tests and then as an experiment apply them in a half dozen cities—say New Orleans, Birmingham and Atlanta in the South, Boston, Cleveland and St. Louis in the North. Each local Association of Commerce would point its local committee of five, one man representing the association on the wage work, and one each for manufacturing, building and agriculture. This committee would secure the local statistics for its own city. In addition to securing definite

information for comparing different sections of the country. The plan also has another far reaching possibility. After proper comparative standards are determined thru experiments it may be possible to keep the figures up-to-date for each large city. Thus the relative labor efficiency per dollar could be quoted just as "commodity prices" and "freight rates" are now quoted. This would inevitably create a friendly rivalry between different sections and tend to increase the efficiency of both management and labor for the entire country.

In so doing we would accomplish more in reducing prices, developing foreign trade and creating prosperity than could ever be done with any sort of Congressional legislation. In fact I am writing the substance of the above article to several Chambers of Commerce today and there is no reason why the Chamber of Commerce of any progressive American city should not go ahead on its own hook and make such a survey. Advertising the production efficiency of a community will do more toward bringing new industries to it than any number of booster conventions and ordinary municipal publicity campaigns.

"Many manufacturers complaining about business today and many wage workers out of employment will find the solution of their problem when their local Chamber of Commerce institutes a labor test and publishes the results for comparison with the figures of other cities.

"Incidentally I want to reiterate the fact that labor policies and production efficiency will prove to be the greatest single factor in governing industrial profits for 1922. This peculator will do well to buy shares in concerns who are following an intelligent labor policy, and who have come to realize that the solution to the labor problem lies in production per dollar and not in dollars per hour or hours per week.

Mr. Babson claims that there must be an increase in production efficiency in order to lower costs and quicken buying. He believes the solution of our troubles will come about thru increasing efficiency rather than in decreasing wages as the latter results in decreasing purchasing power. He says that appreciation and intelligent action along these lines will do more than any other one thing to bring the Babsonchart, which now stands at minus 13 percent—back to normal.

COAL CONSUMERS PILING UP COAL

Cleveland, O.—(By The A. P.)—Large consumers of coal in the Cleveland district are piling up stocks of fuel sufficient to carry them thru a two or three month period if the threatened strike of coal miners goes into effect.

Railroads and public utilities companies have large supplies on hand, the Cleveland and Electric Illuminating company having a three months' supply on hand, despite the fact that they burn nearly 50 car loads a day.

Coal operators and dealers say central power stations and water works all over Ohio are building up their coal piles to withstand a three months suspension of mining.

SUPERSTITION CAUSED SURRENDER OFFAMOUS APACHE INDIAN CHIEF

Former Texas Ranger Tells of Indian Fighting of a Half Century Ago—Aided in the Capture of Geronimo—Says Apache Kid Used the First Smoke Screen Recorded

(By The Associated Press)

CHICAGO, March 12.—Superstition resulted in the surrender of Geronimo, the famous Indian and the Apache Kid used the first smoke screen recorded in this country according to Col. Fred Owens of Chicago, a noted Texas Ranger of half a century ago.

Col. Owens, an old circus man, who earned his title as a ranger, cowboy, broncho buster, pony express rider and participant in many wild west pursuits, including those of Geronimo and the Kid made these assertions here in a recapital of his life which has been crammed full of action and narrow escapes that read like passages from an old time novel.

Fred Owens when nine years old was missing from his home in Flemingsburg, Kentucky, one morning in 1859. He had gone west.

At eighteen, or in 1868, he became a Texas Ranger and made such a mark for himself that he was sent to the Centennial at Philadelphia with other rangers to represent the Lone Star State. In 1878-79 and 80 he was detailed to the pony express thru No Man's Land, or the Indian Territory. He was never held up but many times outrode bandits bent on possessing the valuables he carried.

In 1881 he took the saddle and plugged along on his own ponies. But they followed him so fast that they drove him Apache Kid and his band to a few fewer corrals and more desperate straits.

He surrendered the hand of Stinking Wells, so called from the Sulphur fumes that rise from it. As the law circle closed on the Apache Kid made use of a smoke screen. The wind blew up from his band toward the rangers. The Indian fired the smoke they brought down some of the rangers.

Colonel Owens did not escape. Two of the Wolff boys with whom he had lived when he first came to Texas fled in the rifle fire. Colonel Owens dragged them thru it and returned to get his horse. Then a rode into a bullet that caught him in the left thigh and another killed his horse, which fell on top of him. Colonel Owens' chest was left him unconscious. When he came to himself he was several miles nearer civilization, but carried on the back of a friend's squaw. The Wolff boys were saved.

Recuperating, he again took the chase and helped to make merry for the Apache Kid, who that outlaw was run to cover. Big Bear Canyon on the Pecos River and died from a range bullet.

With Buffalo Bill Show. He then broke eighteen horses to work without line, bridle or their performance was presented the first time with the original Buffalo Bill show in Canada in 1884. In 1885 Colonel Owens (Continued on Page Twelve.)

Chase Apache Kid. In 1884 the Apache Kid, a half-breed outlaw and his band were marauding in West Texas. The Apache Kid was of the same tribe but not related to Geronimo. He possessed all the wiles and savage cruelty of his chieftain. Colonel Owens and his fellow rangers were sent after the Apache Kid.

The chase was a hot one. The Apache Kid knew horses and from time to time got remounts on the fastest and freshest horses in the corral he passed. The rangers

ROODHOUSE BAPTIST PASTOR IS ORDAINED

Rev. J. F. Brinkman Ordained at All Day Meeting at Roodhouse Baptist Church.

Roodhouse, March 11.—A Baptist ordination council was in session in the Roodhouse Baptist church all day Thursday, and J. F. Brinkman, enters his pulpit today as a fully ordained Baptist minister. The council was composed of delegates from various churches of the Greene-Jersey Baptist association, as follows: Barrow, G. F. Steelman, George W. Beverly, W. H. Wendell; Carrollton, Milton Widdowson, J. Lindsey, Pastor W. E. Pool; Eldred, Geo. Crane; Greenfield, P. W. Blake, John Kesinger, Rev. Minor Goodsell; Jerseyville, Pastor J. O. Favorite; Chas. Siebman; Martin's Prairie, Herbert Sneed; Roodhouse, C. C. VanDoren, Charles Rodgers; White Hall, Pastor L. E. Ellison, Dr. John T. Green, Rev. E. L. Wendell. Others selected as delegates included Dr. D. O. Hopkins of Decatur, Rev. W. W. Lewis of White Hall and Rev. R. A. Rapson of Decatur.

Rev. Pool was made moderator and Rev. Wendell clerk. The candidate made satisfactory answer to the question under the various headings of Christian experience, call to the ministry, theology, Christology and soteriology, the scriptures, anthropology, ecclesiology, eschatology.

Rev. Brinkman is a product of Shurtleff College, having entered the college from Kansas City and worked his way thru, later attending theological school at Rochester, New York. While in Shurtleff he served as pastor of the Mt. Gilead Baptist church, nine miles southwest of Carrollton, bringing about the erection of a new house of worship that is one of the best country churches in Greene county. While at Rochester following his graduation from Shurtleff with the B. A. degree in four years, he received the pastoral duties there last January. He is a vigorous young man, and the Roodhouse Baptists feel that they have another of the number of illustrious ministers who have served that congregation in the past.

AMERICAN LEGION NEWS NOTES

To put 700,000 ex-soldiers into jobs is the American Legion's immediate objective, according to an announcement from Legion national headquarters. To accomplish this, a nationwide drive will be launched from local posts in every city and town in the country on March 20, and employers and business men will be called into conference to devise ways and means of creating jobs and putting an end to a situation which Hanford MacNider, Legion commander, has called "the greatest crisis in the Legion's history."

Civic organization from Maine to California have been asked to swing into line to back up the Legion and make a concerted effort which will be felt in all sections of the country. By stimulating industry, by pushing engineering projects and municipal development, by speeding up public utility enterprises, roadbuilding, paving, dredging, truck gardening, reforestation and reclamation, and by encouraging the "back-to-the-farm" movement, the Legion hopes to break the labor slump which has kept men out of work and caused widespread distress. Each city will be divided into regions, each under its own post and employment committee, with a general committee coordinating the efforts of all.

The assembly of the state of New York, in legislative session has passed a resolution endorsing the American Legion's five-fold adjusted compensation measure and urging its passage. Copies of the resolution were sent to New York members of Congress.

It took a small Jewish girl and a little maid from Italy to win first and second prizes for the best essays on "Our Greatest American." The contest was held by the American Legion at Auburn, N. Y.

Napoleon was right! Fifty cakes, 40 cases of soft drinks, two bushels of peanuts, 20 gallons of ice cream, 4,000 sandwiches, and a crate of oranges were consumed by 900 ex-soldiers (and friends) at an American Legion housewarming at Binghamton, N. Y.

Capt. Charles, Ainsleigh, skipper of a coal barge in 1918, was the only American wounded off the coast by enemy fire. He was hit by a small shell from a submarine while his small son stood on deck and waved an American flag. Jobless for almost a year, Ainsleigh, through the American

Legion, has landed a position as watchman at the State House in Boston, Mass.

Gallop in from hangars on winged mounts, ex-fliers of the American Legion staged an aerial polo game in a recent carnival at Miami, Fla. Toy balloons were used in place of polo balls.

"There is only one god, and that is Allah!" yelled a young man at midnight, from the top of a lonely hill in Nashville, Tenn. The police were not placated until American Legion comrades explained that he was being initiated into a Greek letter fraternity.

MAY BALDWIN
Was the water deep as you
breasted the pool.
"No, Only quick and rimpied
cool."
Was the valley dark as you thru
it moved?
"Nay, the shadows were forms of
those I have loved.
And one bore me up from the
river's brink.
With an arm so strong that I
could not sink.
One walked beside me with glit-
tering rod
That pointed the way to the
House of God."
Do you care that we sorrow and
want you home?
"No mother, it will soon be your
time to come."
Shall we not weep that we miss
you so?
"Rather rejoice. I was glad to
go.
Death is but a dark and narrow
door
That opens on life so infinitely
more
That the narrow one your cherish
and prize
That I cannot express all the joy-
ous surprise."
Will you forget in those realms of
bliss
Your mother's love, her tender
kiss,
As you upward rise thru the
higher spheres
That we cannot see thru our fail-
ing tears?
"Nay, my beloved, the heaven be
wide,
Once over Death's threshold I
stand inside,
And clasped in my arms with
praiseful breath
You will cry when we meet
"Why there is no death."

ATTENDED WEDDING

OF PITTSFIELD COUPLE
Mrs. W. A. Davidson and son
Raymond and Miss Mildred Ran-
son of this city attended the wed-
ding of Miss Mary Ethelyn Ellis
and Mrs. Daniel Rose back of Pitts-
field. The ceremony took place
at 3 o'clock Thursday afternoon at
the home of the bride's parents,
Mr. and Mrs. D. C. Ellis and was
performed by Rev. Mr. Grammon.
The bride and groom were at-
tended by Miss Mildred Ranson
and Mr. Raymond Davidson. They
were the recipients of a great
number of very handsome gifts
from friends and relatives.

Following the ceremony a
dainty luncheon was served, a
color scheme of pink and white
being followed out in the refresh-
ments and the house decorations.
Mr. and Mrs. Rose will make
their home on a farm near Pitts-
field, and have the best wishes of
their many friends. The bride has
many friends in this community,
where she has often visited.

CONCERT OF I. C. BAND.

The first annual concert of the
Illinois College Band is to be
held Wednesday evening March
15th at the High School auditor-
ium. The concert is to be given
for the purpose of raising money
for the band uniform fund. J.
Bart Johnson is the leader of the
band and there are about thirty
young college men in the organi-
zation. The band has furnished
music at the basketball and foot-
ball games during the year and
Jacksonville people are familiar
with the excellent quality of the
music. It is hoped that a large
number of people will attend the
concert Wednesday as a fine pro-
gram is being planned.

FARM BUREAU NOTES

Motion pictures March 20 to 25. The Farm Bureau has rented two educational films for the period indicated. The first is the Farm Bureau Comes to Pleasant View, showing some things the farm bureau may do in a community.

The second is Exit Ascare, showing the life history of the Round Worm. C. A. Rowe saw the second reel during the short course at Urbana and thinks it is just what our swine raisers ought to see. Where possible these will be shown at the regular motion picture houses. Where communities do not have a place, a portable movie machine will be used.

Club Work. Forty-four have now been enrolled for Boys and Girls Club Work. Twenty-eight for the Pig Club, seven for the Poultry, five for the Calf, two for Corn, one Canning, two Flower. The last to enroll are Aiden Earl Rexroat, Litterberry, Hayden, Harold, and Leonore Pearson Arnold, and Bertha Thies of Woodson.

Spring Seeding of Alfalfa. J. H. Jewsbury, Henry Morthole, and John A. Middendorf are going to try their luck with a spring seeding of alfalfa.

More Interest in Democrat Corn. Henry F. Korsemeier of Merodosa and J. L. Henry have recently ordered their variety on the strength of its chinch bug resistant properties.

Resigning of Dr. Coffey, State Leader of Farm Advisers. This resignation takes effect April 1. Dr. Coffey will take charge of an abstract office in which he is interested. He resigned in order to get away from the great amount of travel his present position entailed. The farm advisers will regret to see Dr. Coffey leave the work. He has been courteous and professional at all times.

John H. Cain,
Woodson, Ill.

The Fordson, as an all-around tractor, is the best tractor on the market. It is simple and easy to manage. The Fordson, in the long run will out work the big tractor, at half the expense. If used right, the Fordson tractor will out work eight horses and save more time and money than eight horses, and with the tools will do the work twice as well.

J. A. Cully, R. 5,
Jacksonville, Ill.

I think the Fordson tractor is one of the most practical tractors on the market, for the average farmer, as it is light, quick, and powerful. You can plow closer to the fences than with horses. It is quick and handy for any number of jobs on the farm.

SUPERSTITION CAUSED SURRENDER OF FAMOUS APACHE INDIAN CHIEF

(Continued from Page Nine.)

went back to Texas. He added to his string of "naked riders," as they were called, and presented them for two seasons with the Barnum and Bailey circus. Then he sold them to that company.

He returned to Texas and took up the trail of Bass Scott and his band of cattle rustlers. This crowd was exterminated 100 miles from Fort Stockton, but before their end Colonel Owens had received a terrible wound that crushed in his left side.

This laid him up for some time but he went on the last "big drive" of cattle from Texas. There were five thousand head in the herd. In Stevens' Sauer, Texas, so called because the hills form a giant saucer, a coyote barked and a cowboy fired a shot at him. When the stampede was over one hundred head of cattle were dead and twenty five hundred were lost.

Returning to civilization, Colonel Owens heard of a midget broncho pony born on the trail. He bought this little animal, which was the great trick pony "Cleo." He trained "Cleo" and the animal was taken around the world twice by Colonel Owens. Cleo died in 1918. Colonel Owens then left the road.

What is thought of him by showmen is evidenced by his initial and stucco, automatic elections as chaplain of their club. He can still take the thumb, fore and middle fingers of his pistol hand, roll and crimp a cigarette the cowboy's way, in spite of the fact that those three fingers are marked by the mark of a bullet that shot the gun out of his hand.

Colonel Owens is still a Texas Ranger. He has never resigned, he has never been discharged. He is a man of quiet mien, and to meet him one would never realize he was one of the valliant men that carried law and order to and over the frontiers.

OUR GREATEST LEGACY DR. H. E. PEABODY COMMUNITY FORUM THIS EVENING

WORK COMMITTEE OF FARM BUREAU MET

Worked Out Service Survey Blank to be Used in Finding Out What Members in Way of Service.

The program of the work committee of the Farm Bureau, consisting of C. H. Gibbs, Ed Scott, E. R. Hembrough, A. H. Bartelheim and Fred Moeller met yesterday afternoon at the Farm Bureau office and worked out a service survey blank to be used in finding out what farm bureau members expect from the Farm Bureau in the way of service.

It was decided to arrange for a school of instruction to be held March 17th. The meeting will begin promptly at 10 o'clock in the morning and at noon a luncheon will be served for township chairmen and their assistants who will come from out of town. Vernon Vaniman, state leader of farm advisers has been asked to be present and conduct the school of instruction. The present plan contemplates a number of meetings over the entire country on the one night to determine what service the members expect. The service survey blanks will be used in formulating a program of work for the Farm Bureau.

The woman's committee on Produce Marketing, of which Mrs. W. T. Wolf is chairman, met yesterday afternoon and decided to call another meeting at the Farm Bureau office at one p. m. Saturday March 18th. The ladies expect to make this meeting a far wider gathering than any that has been attempted before.

Thirty-five people called at the Farm Bureau office yesterday for personal consultation with the Farm Advisor. This is an unusually large number.

PASSAVANT NOTES.

Dr. A. F. Stueber of Arenzville was a professional caller at the hospital yesterday.

Miss Tiana's Ruble, R. N., went to Franklin yesterday on professional duty.

Miss Florence Buchanan, a graduate of Passavant Training school, went to Greenville Saturday to spend a few days.

Modernize Your Home

Having a well equipped bathroom in your home, your family enjoying all the conveniences of modern plumbing, you, yourself, living better—Isn't it worth while to learn how to obtain this at a price you can afford to pay?

Visit our office and let us give you the cost of modern bathroom equipment suitable for your house.

We believe that you will agree with us that it is false economy to live in a home that is not modernized with an up-to-date bathroom.

MANY VETERANS HAVE BEEN INTERVIEWED

National Clean-up Campaign for Benefit of Disabled Ex-Servicemen Progresses Satisfactorily.

One hundred sixty-eight thousand one hundred nine disabled veterans have been interviewed to date in the national clean-up campaign of the U. S. Veterans' Bureau. This campaign was inaugurated for the purpose of informing all disabled veterans of the benefits to which they were entitled under the various soldier relief acts, and for the purpose of preparing and filing claims of such veterans who wished to file claims against the government for disabilities received in the service. As a result of this campaign these clean-up squads made 68,143 physical examinations, forwarded 45,845 new compensation claims, 25,892 new vocational training claims, prepared 33,475 appeal cases and hospitalized 2,545 veterans whose disabilities were of such a serious nature as to require hospital treatment. In addition to this work, the clean-up squads reinstated and converted a large number of insurance policies.

The large number of cases which were filed during this campaign indicated that there were thousands of veterans throughout the United States who were unaware of the benefits to which they were entitled and ignorant of the procedure of applying for this compensation.

Supplementing this general clean-up campaign, the director of the bureau inaugurated a hospital clean-up campaign whereby these clean-up squads visited these veterans at their bedside and made the necessary adjudication of their claims. These squads have visited during this hospital clean-up campaign all institutions where beneficiaries of the U. S. Veterans' Bureau are hospitalized.

This effort on the part of the Veterans' Bureau to get in touch with disabled veterans entitled to its benefits has received the commendation of veterans generally, of which the following telegram received today by the director of the U. S. Veterans' Bureau, Charles R. Forbes, from Tom Bird, Department Commander, American Legion, state of North Carolina, is an example:

"Clean-up squad work in hospitals outstanding accomplishment of your administration. Wonderful results being given at Oteen and Kenilworth. More than 100 claims adjusted at Oteen. North Carolina department commends you for this great achievement. Urge that you make this a permanent feature of your program."

(Signed) Tom Bird, Department Commander, American Legion, Department of North Carolina.

"IRENE" COMING TO THE GRAND SOON

Famous Musical Play Booked for Next Thursday Night—Original Company Coming.

With its bright lines, amusing situations and charming music, and above all, a musical play with a coherent story, "Irene," James Montgomery's universal record breaking musical comedy, the music of which is by Harry Tierney and the lyrics by Joseph McCarthy, will be presented by its original sponsors, The Vanderbilt Producing company, at the Grand on Thursday, March 16.

So little can be said that has not previously been told in every newspaper, magazine, and fashion publication throughout the civilized world, that "Irene" needs no introduction.

It is doubtful if there is a home club or office gathering place wherein there is a piano, pianoplayer or phonograph in all the universe, that one will not find a copy of either "Allee Blue

Down," "Irene," "Last Part of Every Party," "Castle of Dreams," "Talk of the Town" or one of the other numerous song hits, so popular has the music been.

The play itself has the distinction of also having been utilized in several instances as a sermon in the largest churches of some of our biggest cities.

"Irene" differs from any musical comedy ever written, in that it tells a well connected story, in fact one, that would appeal to even the most fastidious, were there no musical interruptions, and there is not a number or lyric that does not apply to and become part of the plot.

The Vanderbilt Producing company will present the play this season in the same lavish manner that has characterized its record breaking runs in all of the large centres, the production being brand new and the costumes being the last word in art, they having been designed and built by that internationally famous modiste, Lady Dug Gordon.

The cast and chorus is fully adequate to the demands made upon it and the symphony orchestra carried by the company insures a perfect rendition of the entrancing score.

I'LL BE THERE. GRACE SUNDAY SCHOOL.

WOMAN'S COLLEGE NOTES

A group of seven of the Young Women's Christian Association members with Miss Whitmer of the faculty are spending the week end as the guests of the Springfield Association, the Industrial Section. Quite a group of these Springfield girls were the guests of the college some two months ago and they are now returning the courtesies extended to them while here.

Dr. Harry E. Ward, Professor of Social Service, Boston University, is a guest of the college. Dr. Ward spoke at the chapel exercises Saturday morning and again to a general audience Saturday night. Sunday he is to fill the pulpit at Centenary church and will leave shortly after for Bloomington where he is to speak Sunday night.

President and Mrs. Harker expect to leave Thursday for an extended trip to the West. On Friday, they will meet the Kansas City Society at a luncheon at the Woman's City Club. The following Monday and Tuesday they will meet with the college women in Denver and the following Saturday with the Woman's college society of Southern California at Los Angeles. They expect to be gone about six weeks and are anticipating a most pleasant vacation.

Last Tuesday, President Harker was in Poria attending the Bi-Conference of five which has to do with the planning of the campaign for all the educational institutions of the two conferences.

The annual gymnasium exhibition will be held on Monday evening, March 13th.

Last Monday, the Ministerial Association was a guest of the college. The program as given in the paper was followed. It gave the local men the opportunity of seeing the actual working of the college and the possibilities which are open to young women with the advantages to be obtained in a school like I. W. C. Among the most interesting events of the visit were the talks by Senorita Jones of Chile and Senorita Esparza of Mexico who spoke of the needs of their people and how they are planning to meet these demands.

Miss Pauline Patton of the class of '02 is a candidate for County Superintendent of Schools of Fergus County, Montana. There are many people in Jacksonville who will remember Miss Patton as she was a most charming young woman and showed unusual ability as a leader in all student activities.

ILLINOIS COLLEGE NOTES

Further progress is being made in the Endowment Fund of the College. A few days ago a local alumnus of Illinois College, who was driving to town in his auto invited President Rammelkamp to "jump in." The alumnus asked in a general way, regarding the progress of the campaign, and when informed that \$35,000 must be raised by commencement in order to clinch the offer of \$125,000 from the Rockefeller Board, replied immediately and without solicitation, that he would be glad to subscribe one thousand of the amount still necessary. It is such loyalty and interest that augurs well for the success of the campaign. It is the second time this alumnus has subscribed such an amount to the Fund.

The College Band will give a concert next Wednesday evening in the High School Auditorium. The band is in excellent shape and friends are looking forward to a fine concert.

The beautiful vellum bound book, which is to contain the names of all the subscribers to the New Endowment Fund, has been placed on exhibition in the College Library. The cover design of the book was executed by Charles C. Capps '20.

The Y. W. C. A. held a meeting Monday afternoon. The sub-meeting was in the form of a Group Meeting.

The College Library is indebted to M. H. Grassly '03 for a very beautiful and instructive volume entitled "The Graphic Arts and Crafts Year Book." Mr. Grassly is now with the Strathmore Paper Company at Milton, Massachusetts.

Friends of Monarch Davis ex '23 will be sorry to hear of the death of his wife and baby recently. Mr. Davis is located in Springfield at present.

Julian N. Frisbie '17 has been promoted to a captaincy in the United States Marine Corps.

He is located at Cincinnati where he is in charge of a District Recruiting office. Frisbie will always be remembered at "Old Illinois" as one of the greatest athletes of recent years.

Henry Stryker, whose death was noted in the papers recently, was a member of the class of 1852. Only three others in the class are still living—they are: George M. McConnell of Indianapolis, Dr. William A. Knox of Chicago and Robert A. Campbell of Bowling Green, Mo. Many other alumni of the College will greatly miss Mr. Stryker.

Another Jacksonville man, and former student of the College, passed away during the week; Virgil Skinner an ex-member of this year's graduating class. Virgil had many friends among the present student body of the College.

Francis Thurmon '21 is to read a paper before the Morgan County Medical Clinic on "The Study of the Acidity Curves in Stomach Contents." He will also read a paper at the forthcoming meeting of the Illinois Academy of Science.

Wilson Akers '20 was a visitor in the city during the past week. Another visitor on the campus was Ray Wilson, a former student in Whipple Academy.

Mr. and Mrs. L. O. Vaughnt entertained the Science Club at their home on Grove Street Thursday evening. Mr. Vaughnt gave the Club a very interesting lecture on his work in the Hawaiian Islands, on the subject of Fishes. Mr. Vaughnt's large collection of corals was of great interest to the Club.

The following students were elected officers of the Student Association at their meeting Thursday morning: Eugene Mellon '23 as president; Doris Linfoot '24 as vice president, and Hugh Wilson '24 as secretary and treasurer. These officers will serve until the beginning of the second semester next year.

More Power
You can talk about Gasoline, Piston Rings, Spark Plugs and the what not. But there is nothing known to engineering or mechanical practice today that will give an engine more power and snap than to re-grind the cylinders.
Ask the man who is driving one today.
We have several customers who say they would rather have their old machine rebuilt the way WE REBUILD THEM, in our shop, with modern machinery and experienced men, than to have a new car BUILT DOWN TO A PRICE.
Remember if a manufacturer cuts the price he is cutting it off your end. Cheap workmanship means less miles. I would rather have a new car not painted than to have the workmanship slighted underneath where you can't see.

Church Services Today
State Street Presbyterian Church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, S. S. Supt.; Mrs. Barr Brown, choir leader; Mrs. H. Ayers Bullard, organist. "Going to Church with Mother" will not be on the lips of many future men and women unless parents so arrange their Sunday work as to be able to come with their children. Plan Saturday to attend church Sunday. This church invites you. Services of worship, Bible Study and Young People's Fellowship at the usual hours. Welcome.
Central Christian Church—M. L. Pontius, minister. Bible School at 9:30 a. m. under the direction of R. O. Roodhouse, Supt. Morning worship at 10:45. Sermon subject: "A Lonely Grave on the Roof of the World." Evening service at 7:30. Topic of the Five-Minute Talk: "Marriage and Divorce." Theme of the sermon: "The Church and the Task." The following anthems will be sung: "I Will Praise Thee, O Lord" (Pence).
First Baptist Church—Are you a stranger in town? In behalf of the Baptist Sunday School, Superintendent Kopperl will welcome you at 9:30 Sunday morning, where you will be a stranger only once.
Morning worship is held at 10:45 a. m. In cooperation with the other churches that are endeavoring to save Sunday from being commercialized by the opening of the theaters, the pastor Rev. A. P. Howells will preach on "A Keep Sunday Revival." Music by the mixed quartet. The subject of the two Baptist Young People's Union at 6:30 p. m. is, "Habits, Good and Bad."

A Day of Specialists
An Optometrist is a specialist—This is the age of specialists. It is reasonable to presume that such delicate work as eye examination and eyeglass fitting is done best by a specialist. My work is confined to Optometry and my workshop engaged in only lens grinding and handling. My salesroom contains articles to meet every need of wearers of glasses. If you have never seen this shop—if you have eye trouble of any form, reflect an instant upon the value of specialization.

Centenary Church—C. D. Robertson, pastor. The morning service this week is the occasion of a very high privilege for this congregation. There is probably no higher authority on social questions or one who has made a more thorough study of them than Harry F. Ward, professor of sociology in Boston University. Mr. Ward is also head of the Division of Social Service of the Federation of Churches of Christ in America, and the author of The Social Creed of the Churches as well as a number of books on social questions.
Dr. Ward will speak at the morning service and no one should miss the opportunity to hear him. He brings a trenchant message, full of arresting thought and of inspiration.
The services for the day are: Sunday School, 9:30 a. m.; A. C. Metcalf, superintendent. Morning worship, 10:45; sermon by Dr. Ward. Go to Church Club—An object lesson, "Is It Clean?" PAIGE
The Most Beautiful Car in America

WHEN you step on the accelerator of a motor car you want action—prompt and unfailing. You want to feel the gas "take hold" in grim earnest and sweep you along in a thrilling burst of speed.

Action is half the joy of motoring. The other half is independence of mile posts, creature comforts, and pride of ownership. In a Paige 6-66 you get the full hundred per cent—plus.

There may be finer cars on the market but you can't prove it on the road. Master of the Highway is no self conferred title. It has been won fairly and squarely in competition with the world's best. And this is the car—the champion of them all—that you can buy today for \$2195.

LIGHT TRADING ON BOARD OF TRADE
By Associated Press.
CHICAGO, March 11.—Light trading, quick changes on prices and general nervousness marked today's session of the Board of Trade. Most of the transactions were by local traders. Wheat finished 1/2¢ lower to 1/2¢ higher, corn 1/2¢ to 1/2¢ higher, oats unchanged to 1/2¢ higher and proso millet 1/2¢ to 1/2¢ lower. Wheat opened weak on depressing cables but took on new life when corn showed independent strength and later bulged sharply when local shorts, who had sold freely on the opening decline, were driven to cover. With this movement ended there was nothing to interest the market and prices sagged. Within the last 15 minutes, wheat touched the low point of the day but scored a recovery of a full cent before the close. The government report showing mill and elevator stocks of 73,000,000 bushels was not received, construed as bearish as farm reserves of 24,000,000 bushels indicated that there was still plenty of wheat for export.

Local buying gave early strength to the corn market but was not extensive enough to hold it up through the session. Outside trade was light and the market towards the last swung in the path blazed by the wheat pit. Oats were dull. The bulk of the operations were trades in the May and July spread.

There was some eastern buying of provisions but on the whole the market was dull. There was enough interest selling to make for lower prices.

CASH GRAIN REPORT
By Associated Press.
CHICAGO, March 11.—Corn was 1/2¢ higher and oats 1/2¢ higher in Chicago's cash grain market today. No. 2 white corn sold at the May price. Local cash sales were: Wheat, 23,000 bushels; Corn, 245,000 bushels including 150,000 bushels to exporters; Oats, 45,000 bushels, and Rye, 15,000 bushels to export.

Corn lot receipts: Wheat, 19; Corn, 181; Oats, 120.

STOCK MARKET AGAIN BULLISH
By Associated Press.
NEW YORK, March 11.—Stock market sentiment again was decidedly bullish during today's brief trading session although prices moved uncertainly at the outset as a result of pressure directed against local traction.

Motors and their rubber subsidiaries equipments, independent steels and the copper group were especially strong. Rails and oils lagged by contrast but made mark improvement before the close. Sales amounted to 500,000 shares.

Clearing house loans and discounts were materially reduced during the week, regardless of the stock market, the actual contraction approximating \$22,700,000. The cash gain of \$42,455,880 not only wiped out the previous week's deficit in excess but left a margin of about \$30,000,000.

Reduction of the French bank rate to five per cent the lowest figure since August, 1914, was without favorable influence on foreign exchange to that country. Paris demand bills falling in sympathy with greater weakness in sterling.

London demand extended its action to a fraction under 4.35 and all the leading continental quotations lost ground.

Trading in Liberty and Victory issues was nominal and the final tone in that quarter was uncertain.

Total sales, par value, aggregated \$8,794,000.

STYLES IN TOMBSTONES SHOW MANY CHANGES
CHICAGO, (By the A. P.)—Styles in tombstones change as well as gayer fashions, and even the short history of America has witnessed profound changes in what dealers in monuments like to call memorial art. The slabs, surmounted by round cherub faces or grimly grinning skulls, crudely carved, which still mark the graves of the Pilgrim elders in Granary burying ground at Boston, the cemetery at Plymouth and in other old New England graveyards, are in austere contrast to the lofty obelisks and huge sarcophagi of the last century which are seen in more pretentious cemeteries. Tombstones of today are of heather type, according to H. C. Witaker of the Monumental News, Madison, Wis.

Tombstones erected between 1800 and 1875, Mr. Witaker says, were imposing in size, but whatever dignity they had was often marred by the ridiculous verses inscribed on them. Such verses are no longer in vogue, remarks Mr. Witaker, who adds that the taste developed in recent years discards preposterous stones in favor of small tombstones of exact proportions and plain lettering.

NOTED ORGANIST TO GIVE RECITAL AT I. W. C. MAY 5

Dr. T. Tertius Noble, Composer of Chant Which Was Sung at Princess Mary's Wedding, Is Lauded by Press.

The following interesting note concerning Dr. T. Tertius Noble, organist and choirmaster of St. Thomas church, New York, who is to give an organ recital at the Illinois Woman's college on the evening of May 5, is clipped from the New York Evening Post of February 28:

"CHANT COMPOSED BY T. TERTIUS NOBLE SUNG AT PRINCESS MARY'S WEDDING. ORGANIST OF ST. THOMAS' WROTE COMPOSITION WHEN A STUDENT AT ROYAL COLLEGE."

The chant to which the psalm was sung at the wedding today of Princess Mary and Viscount Lascelles was composed many years ago by Tertius Noble, at one time organist of Ely Cathedral, later of Yorkminster, and now of St. Thomas' church in this city.

"As to when it was composed, I would have to go back to the time I was seventeen, for I wrote it then," Mr. Noble said last night at his apartment, 105 West Fifty-fifth street. "I was studying then at the Royal College of Music, under Sir Walter Parrott, organist of St. George's Chapel, at Windsor, and organist to Queen Victoria then. He wanted a number of new chants for his book and called on me to write some. I did so, and this particular one was among them. They became favorites, and have been sung ever since. This one has been sung in St. George's Chapel since 1888."

When Princess Mary was discussing the details of the ceremony, she said that she would like to have a chant that she remembered at Windsor, and was fond of, but she did not know by whom it was written. In order to identify it for Sir Walter she had to sing it for him. He recognized it immediately and it was one of those I had written as a student."

Among other compositions of Mr. Noble that have been favorites of the royal family is the Te Deum in B minor, which King Edward VII was especially fond of, and which has found its way from St. George's Chapel to every quarter of the globe, it is well known in New York.

SWIFT & CO MARKET REVIEW

Increased production of eggs in cold weather has been reflected in larger receipts at selling markets and in lower prices. There is every indication that a larger supply of eggs will be available this season than last. A good steady demand has been noted for both live and dressed poultry, with practically unchanged prices at the week's close.

Cream deliveries to creameries are about normal for the season, with good demand from consuming trade. Very little foreign butter is in sight, and prices are generally steady.

COLLEGE OF MUSIC NOTES

One of the most enjoyable musical events of the season will be the recital of Miss Alma Mehus, pianist, and Miss Margaret Morris, violinist, both of Chicago, which will take place at Music hall Thursday, March 16th. Both young ladies have played extensively in and near Chicago in the past few years. Many enthusiastic critics have lauded them. Of Miss Mehus, at the age of 16, one critic said: "Her technique is perfect and she has the interpretation of a woman of 35."

The minstrel given last Tuesday evening in Music hall, by the Glee club, conducted by Miss Miller, was well attended and thoroughly enjoyed by all present.

A class in conducting has been organized this semester by Director Pearson. This class gives to the public school music students actual practice in conducting and prepares them to take charge of choruses and community sings.

Miss Belle Mehus played a group of piano solos at the Jacksonville High school Thursday morning.

The following program was played in the informal recital in the children's classes Saturday morning:

Katherine Goebel, pupil of Miss Kirby, played a group of three piano numbers at the Woman's club of New Berlin last Friday.

The last number of the Artist Series will be a recital by the Zoellner String Quartette at Music hall, Monday, March 27th.

The Zoellner Quartette is an organization known throughout the country in music circles. It has an international reputation for ensemble work and artistic interpretation of chamber music. That intimacy of thought and ideas which is so integral a part of performing chamber music is exemplified by this organization to the very highest degree of artistic attainment.

OLD FASHIONED PARTY AND WAISTLINE SOCIAL

An Old Fashioned or Hard Time Party and Waistline Social will be the feature of the meeting of Malta Shrine, No. 51, Friday night, March 17th. The business session will be held at 7:30 after which all members of Wilbur Chapter, and Masons of Jacksonville, are surrounding towns are to be guests of the members of the above order. A good time is anticipated, and a musical program will be given. Also a spelling bee will be held.

Approaching Recital

Miss Alma Mehus, pianist, and Margaret Morris, violinist, of Chicago, will appear in joint recital at Music Hall, Thursday evening March 16, under the auspices of the Children's Department of I. W. C. This is the first of a series of Young Artists Recitals planned by that department. Young Artists Recitals are meeting with success in many of the larger cities of the country and it is hoped that they may be put on a self supporting basis here. Needless to say the playing of artists who are so young in years as to still be in their teens but who possess the technical proficiency and maturity of interpretation of older artists is a source of inspiration to all who hear them.

Those who have this concert in charge have no desire to attract an audience by flagrant advertising of "wonder children" and "prodigies" but desire to draw the music loving public on the artistic merit of the recital alone. The program will consist of great and solid music of the masters: Bach, Beethoven, Chopin and Liszt on the piano, Wieniawski, Vieuxtemps, Auer and Bruch for the violin.

These young ladies have been playing in public for several years as the following newspaper excerpts will disclose: "Miss Alma Mehus agreeably surprised the audience by her masterful control of the piano. Though but fourteen years old, she possesses a technique and musical understanding that would be a credit to a player twice her age. One marvelled at the dexterity of her fingers and the intense vigor of her forearm."

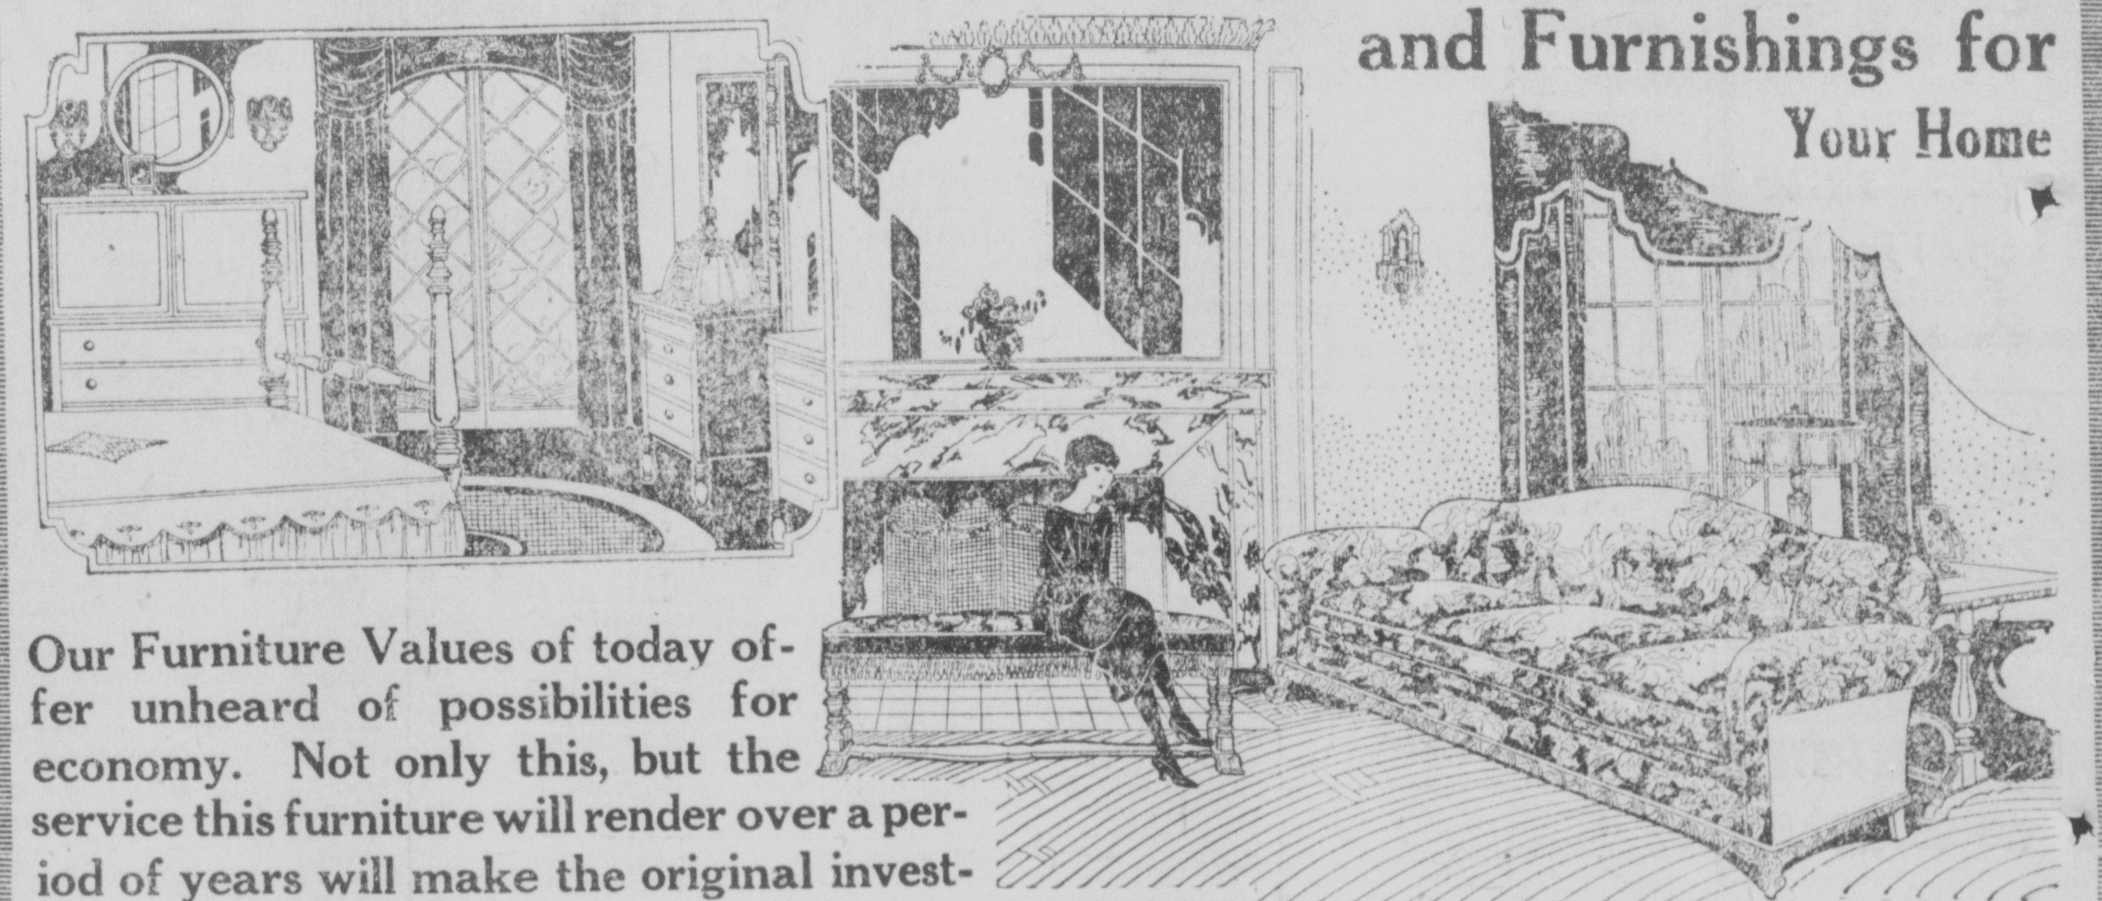

Her attacks were incisive and her every note of purpose and evident capacity facile technique. A splendid future climaxes well worked up. It is in it for work her success is already brilliant, dashing music which reassured." Two years later, "Musical quires technique, power and great imagination." (New York City) had the native force that she excels. A big following to say of Miss Mehus: "She future is predicted for Miss Alma played with intelligence, fine dramatic and it would seem that with her sense, rich full tone and unusual-

ly facile technique. A splendid future is foretold for the young pianist, who is only sixteen years of age." Since then Miss Mehus has added many laurels to her name and it is with great pleasure that Jacksonville anticipates hearing her play.
